

HUGO

WALL LIGHT

HUGO is a circular wall light defined by the contrast between a black aluminium body and an acrylic front. The transparent material creates visual depth and a soft, floating glow, while the selectable colour temperature makes it easy to adapt the atmosphere to bathrooms, entrances and living spaces. Available in Clear, Smoked and Amber acrylic.

KEY FEATURES

FLOATING LIGHT EFFECT

Transparent acrylic creates depth and a soft glow.

SELECTABLE CCT

Choose between three warm light settings.

TRIAC DIMMABLE

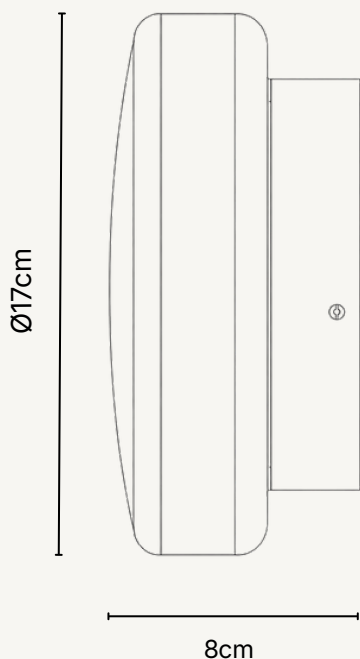

Adjustable with compatible wall dimmers.

BATHROOM SUITABLE

IP65-rated construction.

885-002	 Smoked	22K / 27K / 30K
885-003	 Amber	22K / 27K / 30K

Materials

Housing: Aluminium

Shade: Acrylic

Product type: Wall light

Installation: Surface-mounted

Dimming: TRIAC / phase-cut dimmable

Light distribution: Soft, diffused light

CCT selection: Integrated three-position switch

Plug type: Fixed terminal connection

IP protection: IP65

Voltage: AC220-240V

Driver: Integrated

Safety: Class II

Intended use: Indoor

Light source: Integrated LED

LED power: 6W

Colour rendering: CRI >90

Luminaire luminous flux: 350lm

Colour temperature: 2200K / 2700K / 3000K

LED lifetime: 50000h

LED replaceability: Not replaceable

Acrylic Shade replaceability: Can be replaced by the user

Weight: Net 1 kg - Gross 1.4 kg

Package: 18.5 x 18.5 x 10 cm

LED included
