DESCRIPTION	<p>Building on the Satellite Collection of whimsical, modernist sculptural lamps, the Satellite Outdoor Pendant and Satellite Outdoor Floor Lamp are GUBI's first lighting designs created specifically for outdoor use. Based on Mathieu Matégot's original design concept from 1953, the designs feature an ovoid shade crafted from a perforated sheet of stainless steel, topped with an aluminum cap that helps direct the light. Playful and modern even 70 years after their first creation, both Satellite designs are ideal for installation on covered patios, verandas, or other sheltered dining areas. Two sizes of pendant are available, and both the pendants and the floor lamp are available with a semi-matt shade in either Cream White or Mustard Gold.</p>
