U14 - Sletterhage - Table Lamp

Designed by Laura Bilde
Launch year 2024

The Sletterhage lamp collection is named after the iconic lighthouse at Helgenæs. Sletterhage Lighthouse, situated in the heart of Denmark, has illuminated the area for decades, aiding fishermen, locals, and tourists in navigating this beautiful region. The Sletterhage lamps feature fluted glass in a transparent construction, with inspiration drawn from the industrial elements of the lighthouse evident in Laura Bilde's design. By utilizing the same glass components in various ways, Bilde has created a cohesive family of lamps that elegantly balances form and functionality.

Accountability

We strive to build a foundation rooted in quality and a sense of responsibility. It is at the heart of everything we do. The only footprints we want to leave are stories in the lives of the people who have felt at home in our furniture. We produce furniture in FSC®-certified wood (FSC-C164841), look for our FSC®-certified products. We always aim for our textiles to meet Oeko-Tex or EU Ecolabel standards.

We are working towards our furniture - from the small stool to the large dining table - coming under the wings of the Nordic Swan Ecolabel. At the same time, we work daily to reduce our carbon footprint and fine-tune our production to leave nature richer for the future. Since 1942, FDB Møbler has created furniture that lasts, and we want to ensure that our history can be proudly passed on to our grandchildren's children.
