

Product Details

Twinkly Line Starter — Generation II

DESCRIPTION

Twinkly Line is LED strip lighting for the connected home. Twinkly Line Starter comprises a 100-pixel RGB LED strip, a Wi-Fi/Bluetooth controller, and a state-of-the-art smartphone application, ready to perform amazing animations easily and quickly. Twinkly Line provides users with the creative possibility to make customized ambient lighting throughout their home and outdoor living spaces.

Twinkly offers a wide variety of stunning effects, ready to be played and customized, and full access to the online gallery, where new animations are always available for download. Twinkly features smart home integration with Google Assistant and Amazon Alexa, as well as Razer Chroma™ RGB via Twinkly Chroma Connector available exclusively for Razer Synapse 3. Twinkly devices can be synchronized together – up to 10 devices (in good Wi-Fi coverage) – for impressive scenery installations. For indoor use only, IP20.

Twinkly can be used in several modes:

- **DIRECT** – push the button on the controller to select preset effects;
- **CONNECT TO A SMARTPHONE** – use the Twinkly app to perform amazing animations easily and quickly;
- **CONNECT TO LOCAL WI-FI** – access all Twinkly advanced features, like creating device groups, setting up voice assistants, downloading new effects from the online gallery, and more.
