

METROPOLI

design Alberto Meda / Paolo Rizzatto / Riccardo Sarfatti

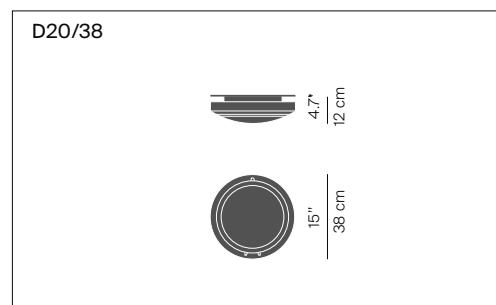

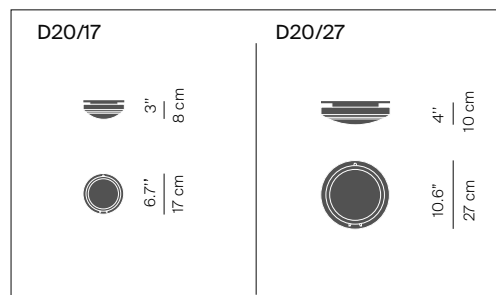

- Type: Wall, Ceiling
- Light source: Halogen, fluorescent or LED* according to the optics requested
- Product use: Indoor, Outdoor
- Materials: Die-cast aluminium body
moulded glass or polycarbonate diffusor
- Colors: Structure in bronze, painted alu, polished alu
- Description: Sober and impeccable, the die-cast aluminium frame houses the diffusor and a series of interchangeable optics whereby either halogen or fluorescent lamps may be used. Metropoli is now proposed with LED sources for a higher efficiency. The diffusor comes in moulded prismatic glass or in opal polycarbonate (waterproof).

Certifications: **IP65** (with kit for polycarbonate diffusor only.
For outdoor versions use only the painted alu finish)

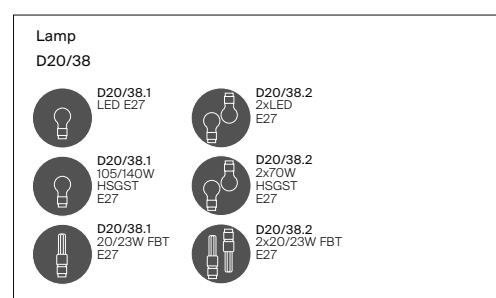

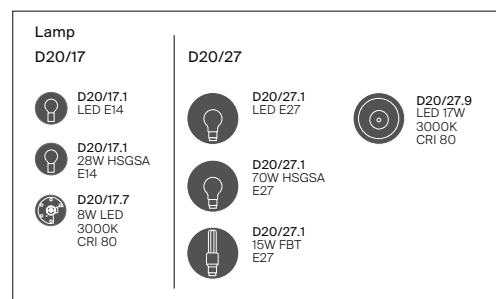

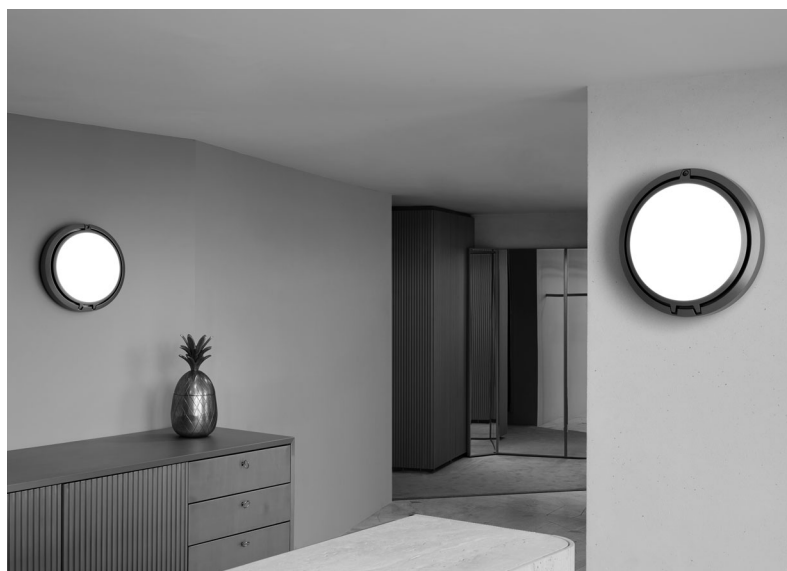

Insulation class:

Awards: Compasso d'Oro ADI Milano 1994, prize
