TABLE AND FLOOR LIGHTS

## BOWL. IN A BOWL. IN ANOTHER BOWL.

The boule series, featuring a table light, a short floor light, and a tall floor light, brings a bold scale to its ambient output. Placed on a handmade ceramic, marble, travertine, or other stone base, the series lets the reflected and refracted radiance stand out, capturing the attention of observers well into the warm evening.

### CARE INSTRUCTIONS

Regular cleaning and maintenance is important in order to keep your pulpo product looking its best and to prolong its life. Always remove any kind of dirt as soon as possible. We recommend that you first test a small, invisible area to ensure that no colour change or damage arises to the product. Do not use materials for maintenance that contain abrasive agents or are basic, acid or organic.

### GLASS CLEANING

For dusting and light cleaning of glass use a soft, dry cloth. For further cleaning gently wipe the surface with a soft cloth wrung in clean water and a non-abrasive commercial glass cleaner. Dry immediately afterwards with a soft, dry and clean cloth. Please note that bubbles, streaks and other variations in size and colour are part of the production process, and not defects of the design or production of handmade glass.

### CERAMIC, MARBLE, TRAVERTINE & STONE CLEANING

For dusting and light cleaning of ceramic use a soft, dry cloth. For further cleaning gently wipe the surface with a soft cloth wrung in clean warm water. Dry immediately afterwards with a soft, dry and clean cloth.
