

ASSEMBLING INSTRUCTIONS

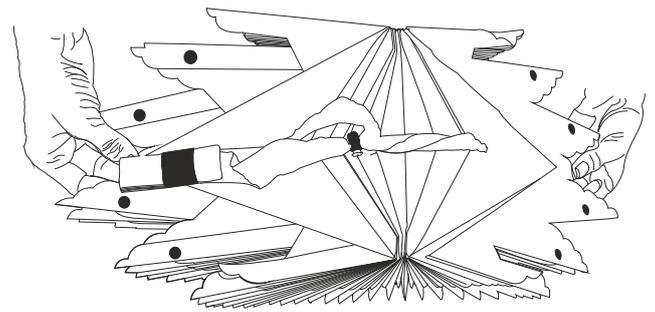

1. Loosen the ribbon

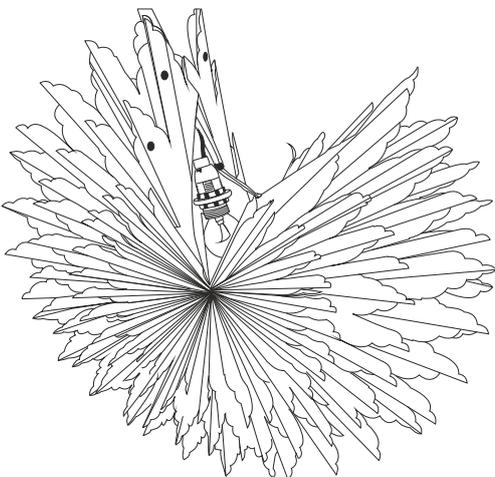

2. Carefully spread the arms of the star apart

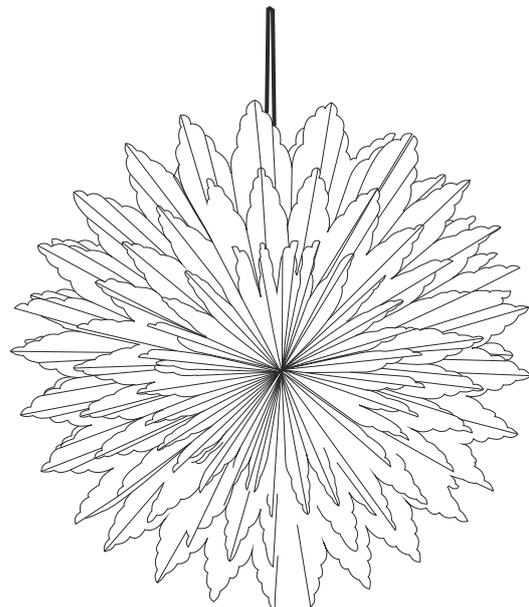

3. Carefully tighten the ribbon.
Leave a gap to insert the
light source.

4. Pull the ribbon through the hole in
the arm, so that it doesn't block the
magnets from closing the star.

5. Place the light source next to
the ribbon. Carefully tighten the
ribbon and close the magnets.

6. Your star is now ready to be used!
