Premium quality

- High quality material

Designed for outdoors

- IP44 – weatherproof

Special characteristics

- Dual-brightness light

High-quality light

- Warm white light 2,700 K

Highlights

No wiring required

This light is powered entirely by solar energy. No wiring is needed, making these lights easy to position and reposition anywhere in your garden or other outdoor area.

Solar energy

Philips Solar lights are designed to make the most of the energy they receive from the sun, for light that lasts longer. With no electricity consumption at all, they help you save money on your electricity bills and do your bit for the environment.

Long lifetime up to 25,000 hours

Reliable high-quality LED light lasts up to 25,000 hours. You can rest easy knowing that you won't have to worry about maintenance for years, while having the perfect light ambience in your home.

High quality material

This Philips outdoor lamp is made of high-quality materials with superior finishing. This ensures a solid and long-lasting product which is resistant to corrosion and stains in all weather conditions

IP44 – weatherproof

This Philips outdoor light is especially designed for humid outdoor environments and has been tested rigorously to ensure water resistance. Its IP44 rating means that it has been certified to offer ingress protection against dust and splashing water – perfect for general outdoor use.

Dual-brightness light

Create a flexible and appealing ambience with the dual-brightness feature. The light dims when idle and automatically brightens when people are present, delivering the right level of light whenever you need it.

Warm white light 2,700 K

Did you know that different shades of white light are identified by different colour temperatures, measured in Kelvin (K)? Lower colour temperatures produce a warm, cosy white light, while higher colour temperatures produce a cool, more energising white light. This luminaire produces warm, relaxing light at 2,700 K.

Specifications

Bulb characteristics

- Dimmable: No

Design and finishing

- Colour: Black
- Material: Plastic
