## Ball Glass Floor

*Designed by Benny Frandsen & FRANSDEN Design Studio*

Ball Glass Floor brings Benny Frandsen's iconic 1968 design into a taller, sculptural form. The spherical glass shade is paired with the series' characteristic perforated metal top, creating a refined balance between heritage and modernity. With its graceful proportions and calm, diffused glow, Ball Glass Floor stands as a contemporary extension of one of Frandsen's most timeless design symbols.
