JWDA pendant is part of a series of lamps inspired by traditional oil lamps. The lamp is made from honest materials – concrete and brass – ennobled by the refinement of its design.

Simplified and reduced of clutter to its essence, JWDA is minimalist lamp – but with a strong character. Its roundedness expresses warmth and friendliness. The lamp represents a study in the contrasts between the raw character of the metal, the delicate glass and refined brass knob feature. Unusually for a pendant lamp, JWDA features a dimmer switch on its base, a practical function that makes this a perfect pendant to hang over a dining table or office desk.

About the Designer

Jonas Wagell is a Swedish architect and designer based in Stockholm. His work has come to be known for simplistic playfulness and clever compact living, with recent collaborations reaching as far as China, Taiwan and North America. The studio's architecture work is mostly known for the prefab house concept, 'Mini House', which has previously been recognized by Wallpaper* magazine naming him one of the 'World's 50 hottest young Architects' in 2008. Today, their work is primarily focused on product design and creative direction for clients around the world.
