

Poldina XXL _XXL floor

Poldina pro is a battery-operated portable and rechargeable table lamp. It is equipped with contact charging base and dimmer touch control and dimmer memory function which adjusts the light intensity and memorizes the dimmer steps; consequently, every time it is switched on, the light intensity will correspond to that previously set. The lamp is equipped also with a light color temperature selection function, 2700K or 3000K (dynamic white) and an IP65 degree of protection which makes it suitable for both indoor and outdoor use.
