Diameter/Height	400mm/600mm
-----------------	-------------

Description

A collection with an essential design and adjustable light source.

The only 6mm thick aluminium disc has a smooth profile, to enhance its class and uniqueness even in the details of its colour.

High efficiency and performance are guaranteed by the use of 220V last generation cabled, with no driver needed.

Available with 3000 °K or 2700 °K LED colour temperature.

Energy class A++, A+, A - Registered design
