LIGHT IN MOTION

DESIGN (BY) US

ABOUT DISCO • RAMA

Introducing DiscoRama - light in motion, form in harmony.

Transforming both wall and ceiling into living surfaces of light, DiscoRama is a sculptural lamp built around the timeless elegance of circular form. At its heart sits the luminous Discoball, softly radiating ambient light, while layered discs extend outward, creating a dynamic composition that shifts with perspective and space.

More than a light source, DiscoRama is an atmospheric experience. The central glow is gently diffused through surrounding elements, casting subtle shadows and reflections that bring depth, rhythm, and movement to the room. As light meets form, the discs interact with their environment, producing a quiet choreography of shadow, softness, and sculptural presence.

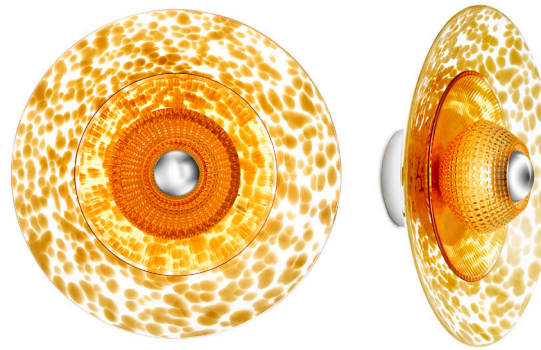

Collection

Overview

DiscoRama Brown Chrome Metal //
Mirrored glass Ø: 40 cm x D: 18 cm

DiscoRama Amber Chrome Metal //
Mirrored glass Ø: 40 cm x D: 18 cm

DiscoRama Clear Chrome Metal //
Mirrored glass Ø: 40 cm x D: 18 cm

PRODUCT FACTS

Description

The DiscoRama wall/ceiling lamp is a glass disc lamp made as an sculptural designer lamp. The mouthblown outer glass both acts as a diffuser and a sculptural pattern when the lamp is off.

Designer / Year of Design

Tobias Peter Kristensen / Design by Us / 2025
