DROP CHANDELIER CHROME

You can almost sense the movement of the Drop Chandelier, as if it were a living sculpture, effortlessly adapting to its surroundings. This striking design doesn't just occupy space - it transforms it, radiating elegance and artistry. Rooted in the timeless aesthetics of 1950s modernist lighting, the Drop Chandelier pays homage to the past while embracing the future. Its fluid, organic form is brought to life through 14 flexible, adjustable arms, allowing for endless compositions, angles, and expressions.

The gently curved shades create a dynamic play of light, making every moment feel unique. Crafted with meticulous attention to detail, the chandelier is available in a raw oxidized finish and five exquisite metals - brass, bronze, white, burnished black and chrome. Each plated metal body is carefully hand-brushed, ensuring a refined, artisanal touch. The Drop Chandelier transcends conventional lighting - it is a refined expression of artistry, fluidity, and timeless innovation.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 262001

Type: Chandelier / Indoor
Colour / Material: Chrome / Plated Aluminium
Cable: Fabric covered cable / Black

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl

Dimensions:
L158 / W120 / H85 CM
Ceiling cup: H4,5 / W13 CM
Cable: 500 CM

Country of origin: CN.
Product weight: 6 Kgs

Packaging:
Dimensions: L129,5 / W97,5 / H15 CM
Total weight incl. product: 12,2 Kgs
Number of parcels: 1
Material: Brown cardboard

Light source:
Socket: E14 - B35 4.3W 827 - 230V
Recommended Light Source:
Pygmy - Matt Porcelain - E14
IP rating: 20 Max Watt: 48

Please note this chandelier is not dimmable.
Dimmability: This feature is only possible when the fixture is connected to a dimmer switch and equipped with bulbs that are compatible with dimming.
