

# Home \_table

Home is a practical battery-operated portable table lamp whose essential and geometric shapes recall those of a contemporary lantern. The LED light source is placed in the upper part of its aluminum structure providing direct light downwards. Suitable for the outdoor use thanks to its high protection index (IP54), Home is available in three colors: white, dark grey and corten. A touch button placed on its base controls the on/off function and the adjustment of the light intensity (dimmer). Set at maximum power, Home emits light for about 12 hours. It takes about 6 hours (at 1A, on its special contact charging base) to fully recharge the batteries, that can be replaced once exhausted.

## Lighting specifications

source	LED
type	SMD
total power	2,2 W
power LED	2,2 W
color temperature	3000 K
lumen lamp	165 lm
lumen LED	260 lm
beam angle	30°
CRI	> 80
class	F
dimmer	TOUCH DIMMER
motion sensor	NO

## Electrical specifications

voltage	100-240V
frequency	50/60 Hz
input	100-240V
output	5 Vdc max 1A
batteria	batteria a pacchetto li-lon 1 cella mod.18650 2200 ma/h
autonomia	12 h.
tempo di ricarica	6 / 8 H.
