SAHN CHANDELIER // ASSEMBLY INSTRUCTIONS

ABOUT 101 COPENHAGEN

101 Copenhagen is a Danish design brand founded in 2017. With a vision to honor exquisite quality and craftsmanship, the collection encompasses furniture, lighting and accessories in a timeless, yet modern design. With a true passion for materials and refined textures, organic shapes and colours, 101 Copenhagen presents the epitome of classics and must-have novelties for Scandinavian and international interior connoisseurs alike.

OUR CREATIVE DRIVE

The design of 101 Copenhagen is firmly rooted in the Scandinavian soil and nourished by Japanese minimalist aesthetics. Sharing an emphasis on quality materials, techniques and traditions, the meeting between the North and the East is notable in the holistic collections of 101 Copenhagen. The design approach is dynamic and characterised by freedom of expression - creating unique and timeless pieces without compromising on playfulness and individuality.

OUR DESIGN TEAM

An attention to detail and a shared sense of aesthetics is what drives the two main designers of 101 Copenhagen, Tommy Hyldahl and Kristian Sofus Hansen. Merging their backgrounds and experiences from the fashion industry, the Royal Danish Academy of Fine Arts and travels in Japan respectively, a narrative of minimalist, sculptural and conceptual design is evident throughout the collections. Translating and transforming the simplistic inspiration from Japan in a Scandinavian context is all about honouring quality, heritage and materiality while never seizing to compromise on form and function. Trained as an architect, the third designer, Nicolaj Noddesbo, adds knowledge on innovative light solutions and timeless novelties to the 101 Copenhagen collections. 101 Copenhagen is a curated selection of tactile, bold objects standing out in a crowd and gathers as a whole.

101 COPENHAGEN**

SAHN CHANDELIER

The Sahn Chandelier, available in a striking chrome or bronze finish, draws inspiration from 1970s futuristic design and space-age aesthetics. This timeless piece is designed for versatility, with each arm and lampshade capable of twisting and turning, allowing you to create dynamic, sculptural lighting tailored to your space. The chrome exterior exudes modern sophistication, while the interior of each lampshade is coated in a warm white tone to enhance illumination with a soft, inviting glow. The beautifully crafted bronze-plated metal option is meticulously hand-brushed, offering a stunning contrast that complements any room. Named after the Japanese word for "three," the Sahn Chandelier is defined by its trio of distinct lampshades, each providing a unique lighting experience. Together, they add depth, movement, and a playful character to this iconic design.

Designed by Kristian Sofus Hansen & Tommy Hyldahl

Type: Chandelier / Indoor

Designer / Year of design:

Kristian Sofus Hansen & Tommy Hyldahl, 2021

Material:

Glass: Opal glass / white

Metal: Plated metal

Cable: Fabric covered cable / Black

Dimensions:

L125 / W125 / H58

Ceiling cup: H4,5 / W13 CM

Cable: 500 CM

Country of origin: CN

Product weight: 5,3 Kgs

Packaging:

Dimensions: L88 / W21 / H68 CM

Total weight incl. product: 7,0 Kgs

Number of parcels: 1

Material: Brown cardboard

Light source:

Socket: E14 - 230V

Recommended Light Source:

Pygmy - Matt Porcelain - E14

IP rating: 20 Max Watt: 48

Lightbulb Maximum Diameter: 2,5 cm.

Dimmability: This feature is only possible when the fixture is connected to a dimmer switch and equipped with bulbs that are compatible with dimming.

Care instructions:

Use a soft dry cloth to clean the product.

Do not use household cleaners.

IMPORTANT

Always shut off power to the circuit before starting installation work. In some countries electrical installation work may only be carried out by a authorised electrical contractor. Contact your local electricity authority for advice.

ASSEMBLY INSTRUCTIONS:

It is recommended to assemble the product with the help of another person for safety reasons.

SAFETY INSTRUCTIONS:

Please note the information contained in these instructions and save this manual, also when lamp is already mounted.

GENERAL INSTRUCTIONS:

- Electrical connections may only be carried out by qualified staff.
- The manufactures do not accept responsibility for injuries or defects caused by improper use of this lamp.
- Attention! Before starting the installation, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.
- Mind to use this lamp for its predetermined function. For example don't mount indoor lamps in outdoor areas.
- Please check all components are complete before installing.
- Don't cover the lamp.
- Don't connect the lamp to power and don't switch it on when it's in packing.
- Bulbs and transformers get very hot during operating. At improper use there is the risk of fire and by changing the bulb you can hurt yourself. Always let cool down!
- If the external flexible cable or cord is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- Please ensure that the specified bulb type and power of bulb is used. The maximal wattage shouldn't be exceeded (find the bulb symbol and the "max ... W" on rating label or on lamp).
- Do not mount the lamp on wet or conducting background.
- Make sure that the cables or cords don't get damaged during installation.
- The given main voltage (230V/50Hz) shall not be exceeded.
- Plug and connection elements must be free of tensile strength and torsion force.
- Don't touch bulbs with bare hands.

MAINTENANCE INSTRUCTIONS:

- Before cleaning, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.
- Mind to clean the surfaces of lamp only.
- Wetness shouldn't get in terminal box or to any conducting part.
- Before you start to clean let it cool down for 10 minutes!
- Cleaning with a soft dry cloth only.

ADVICE FOR ENVIRONMENTAL CARE:

Don't put this article to normal domestic waste after the end of its lifecycle. You have to bring it to a staging area for electrical wastes. The materials are recyclable according to their specifications. With the correct recycling of these materials you can make a significant contribution to environmental protection. Ask your local authority for next staging area.

CE MARKING:

By affixing the CE marking to a product, a manufacturer declares that the product meets all the legal requirements for CE marking and can be sold throughout the European Economic Area (EEA).

TO ASSEMBLE THE LAMP:

1. Insert light bulb.

2. Insert light bulb.

3. Gently screw the glass screen onto the chandelier arm.

4. Insert light bulb.

5. The lamp is designed to only rotate up to 180 degrees from its original position. This means that you cannot turn the lamp beyond 180 degrees and it is restricted by the maximum 180 degree rotation range. Going beyond this limit is not allowed and will cause damage to the lamp. In the process of adjusting the lamp, please adjust the upper and lower poles in order to achieve the effect of the balance of the lamp.

6. Unmount the screw from the small metal ring underneath the ceiling cup, then gently pull down the cable (Never pull the cable, while the screw is fastened in the cable). When the height is adjusted, please fasten the screw to the small metal ring underneath the ceiling cup. When adjusting the cable length always make sure that the cable is held straight and is not twisted as it can damage the fabric cable.

ADJUSTING THE LENGTH OF CABLE

Ceiling Height: 220-250 cm. This ceiling cup is designed to fit large Scandinavian ceiling roses.

1. Adjust the length of cable: Unlock the plastic clasp underneath the ceiling cup by loosening the screw reversely. Carefully pull the cable to the desired length (never pull the cable, while the screw is fastened in the cable). Close the clasp and tighten with screw turning it clockwise. Make sure it is tightened properly. Adjust the wires accordingly by unmounting the nuts. Please note the location of the rubber band at fabric covered cable must be placed correctly otherwise the cable will not be fixated properly. Lead the fabric cable from both sides into the cable connector. Please make sure the cable relief is tightened. Screw the ceiling cup to the mounting plate.
2. Lead the fabric cable from both sides into the cable connector. Please make sure the cable relief is tightened.

CHANDELIER ATTACHED DIRECTLY TO THE CEILING

Ceiling Height: 220-250 cm. This ceiling cup is designed to fit large Scandinavian ceiling roses.

1. Pull the cable from the ceiling through the mounting plate and mount the ceiling cup to the ceiling, with screws and inner mounting plate following in the package. Please make sure it is fixated properly.
2. Place the ceiling cup at the mounting plate and turn right until the ceiling cup cover the mounting plate.

1.

2.

CHANDELIER ATTACHED DIRECTLY TO THE CEILING WITH CABLE IN CEILING ROSE

Ceiling Height: 220-250 cm. This ceiling cup is designed to fit large Scandinavian ceiling roses.

1. Please mount the ceiling cup to the ceiling, with the screws and inner mounting plate following in the package. Please make sure it is fixated properly.

2. When the ceiling cup is attached to the ceiling, lead the fabric covered cable out of the hole in the ceiling cup and attached to the ceiling rose. Please make sure the cable relief is tightened.

3. Place the ceiling cup at the mounting plate and tighten with screws.
