## Brass Top Table Lamp

A table lamp with unique, solid brass details, created in the 1950s by the Danish designer, Svend Aage Holm-Sørensen, who is internationally acclaimed for his lamps. The Brass Top table lamp is perfect for a home office with its original design, in which solid brass takes pride of place, from the base and stand to the brass top of the asymmetric shade. The several elegant details include the little ball on the top of the table lamp, which is in harmony with the ball of the power switch, not to mention the light holes along the edge of the metal shade, which were characteristic of both Svend Aage Holm-Sørensen and the era, and which add an extra dimension to the lighting effect.

Choose from several classic colours in Warm Nordic's exclusive silky matt quality paint, which guarantees an extraordinarily beautiful and durable surface.

**Product name:** Brass Top Table Lamp  
**Designer:** Svend Aage Holm-Sørensen  
**Design year:** 1952  
**Furniture type:** Table Lamp  
**Launched:** 2018

#### SPECIFICATIONS

Fabric cord: 250 cm  
Cord colours: black noir  
E14 max 25W  
Energy A++-A  
Voltage 220-240V  
We recommend the use of LED bulb.  
Assembly required.

#### ENVIRONMENT

High quality materials for high durability.  
The lamp does not exceed the limits described by the EU in REACH, which protects people and the environment against the risks posed by chemicals.  
The lamp is shipped with sustainable Mærsk ECO fuel ships that use green fuels instead of fossil fuels, which ensures responsible transport.  
When disposed of, the lamp can be separated into several different parts to sort the waste easier.  
Recycling of materials is possible.  
The lamp is WEEE-registered, so it is possible to reuse and recycle the electrical parts of the lamp.  
All packaging material can be recycled.
