- Ribbed diffuser creates a pleasant light • Extra durable material suitable for coastal areas (Designed For Seaside)
- 15-year guarantee on surface deterioration

The Linton series by Danish design duo Says Who is carried out in a round and elegant design with clear references to the classic lantern. It has a ribbed diffuser that ensures a pleasant, diffused light and a base made from brass that is well suited for harsh weather. The wall lamp creates the perfect ambience for your outdoor areas.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes brass to develop a beautiful, darker patina.
