ISHI COFFEE TABLE MINI

Named after the Japanese word for "rock", the Ishi Collection is a meditation on stillness and strength, sculptural forms that echo the quiet poetry of stone shaped by time. With softened edges and organic silhouettes, each piece carries a sense of serenity, balancing minimalism with a grounded, natural presence. The collection is expressed in two distinct materials, each with its own voice. In glass, Ishi radiates with luminous depth, its layered hues shifting gently with the light. In ceramic, it reveals a more tactile beauty, hand-painted and finished in a high-gloss glaze, alive with subtle variations that make every piece unique.

The Ishi Collection moves fluidly through interiors, standing alone as a sculptural statement, serving with quiet elegance as a table, or arranged in clusters that create rhythm and dialogue within a room. More than functional objects, these works bring permanence and calm, rooting interiors in beauty, balance, and timeless presence.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 253064

Type: Vase - Indoor

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2024

Colour: High Glaze Coffee
Material: Ceramic

Care instructions:
Avoid using sharp object as this can harm the surface of the product.
Do not use household cleaners.
Waterproof.
For daily cleaning, please use a soft cloth of soft brush and lukewarm water.

Dimensions: L31 / W31 / H38,5 CM

Country of origin: CN
Product weight: 7 Kgs

Packaging:
Dimensions: L42 / W42 / H50,5 CM
Total weight incl. product: 9 Kgs
Number of parcels: 1
Material: Brown cardboard
