# 3 / ADDING EUFYCAM 2C

## Adding eufyCam 2C to Your Existing System

On Eufy Security app, follow the onscreen instructions to add your Eufy Security devices. Choose Add Device, then select eufyCam 2C to add it to your system.

# 4 / MOUNTING THE CAMERA

## Find a Good Mounting Spot

To find a spot to mount eufyCam 2C, you need to test wireless signal strength.

- ① Open the Eufy Security app, go to Camera Settings > Mounting Guide.
- ② To test the wireless signal strength, take your camera and phone to the location where you want to mount the camera.
- ③ Move the camera as close to the HomeBase 2 as possible if the wireless.

## Select Height and Location

Hang eufyCam 2C 7-10 ft (2-3 m) above the ground. This height maximizes the detection range of the motion sensor of eufyCam 2C. Avoid placing eufyCam 2C under direct sunlight.

## Mount the camera

The camera can be mounted both indoors and outdoors.

1. Turn the knob of the mounting bracket clockwise to loosen and disassemble it.

2. Drill holes with a 15/64 inch (5.95mm) drill bit, then insert the anchors into the holes; anchors are necessary for walls that are made out of hard materials such as concrete, brick, or stucco.

3. Firmly screw the base of the mounting bracket onto the wall. Fasten the ball knob of the bracket to the base of the bracket.

4. Tighten eufyCam 2C to the mounting bracket and adjust the viewing angle by checking the live stream feed in the Eufy Security app.

**Tips:**  
For troubleshooting, check Help on the Eufy Security App. Refer to App page for LED indicator status.

## 5 / CHARGING EUFYCAM 2C

### Charge eufyCam 2C

## FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Warning:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an

experienced radio/TV technician for help.

## FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed/mobile exposure condition. The minimum separation distance is 20cm.

**Notice:** Shielded cables

All connections to other computing devices must be made using shielded cables to maintain compliance with FCC regulations.

FCC ID:2AOKB-T8113

The following importer is the responsible party  
Company Name: Fantasia Trading LLC  
Address: 9155 Archibald Avenue, Suite 202, Rancho Cucamonga, CA 91730, USA  
Telephone: 1-909-484-1530

**CE** This product complies with the radio interference requirements of the European Community.

## Declaration of Conformity

Hereby, Anker Innovations Limited declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. For the declaration of conformity, visit the Web site [www.eufylife.com](http://www.eufylife.com). Do not use the Device in the environment at too high or too low temperature, never expose the Device under strong sunshine or too wet environment.

The suitable temperature for HomeBase 2 and accessories is -10°C-45°C.

The suitable temperature for eufyCam 2C and accessories is -20°C-50°C.

When charging, please place the device in an environment that has a normal room temperature and good ventilation.

It is recommended to charge the device in an environment with a temperature that ranges from 5°C~25°C.

RF exposure information: The Maximum Permissible Exposure (MPE) level has been calculated based on a distance of  $d=20$  cm between the device and the human body. To maintain compliance with RF exposure requirement, use product that maintain a 20cm distance between the device and human body.

CAUTION RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Wi-Fi Operating Frequency  
Range: 2412~2472MHz ; Wi-Fi Max  
Output Power: 17.9 dBm

The following importer is the responsible party (contact for EU matters only)  
Importer: Anker Technology (UK) Ltd  
Importer Address: Suite B, Fairgate House, 205 Kings Road, Tyseley, Birmingham, B11 2AA, United Kingdom

This product is designed and manufactured with high quality materials and components, which can be recycled and reused.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

### IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

(1) this device may not cause interference, and  
(2) this device must accept any interference, including interference that may cause undesired operation of the device."

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et  
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

### IC RF Statement:

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.

## 3 / eufyCam 2C zur Ihrem existierenden System hinzufügen

### eufyCam 2C zur Ihrem existierenden System hinzufügen

Befolgen Sie in der Eufy Security-App die Anweisungen auf dem Display, um Ihre Eufy Security-Geräte hinzuzufügen. Wählen Sie Gerät hinzuzufügen und dann eufyCam 2C, um das Gerät zu Ihrem System hinzuzufügen.

# 4/ MONTIEREN DER KAMERA

## Einen geeigneten Befestigungsort finden

Um einen guten Befestigungsort für die eufyCam 2C zu finden, müssen Sie die Stärke des WLAN-Signals prüfen.

- 1 Öffnen Sie die Eufy Security-App, gehen Sie zu Kameraeinstellungen > Montageanleitung.
- 2 Um die Stärke des WLAN-Signals zu testen, bringen Sie Ihre Kamera und Ihr Telefon an den Ort, an dem Sie die Kamera montieren möchten.
- 3 Bewegen Sie die Kamera so nah wie möglich an die HomeBase 2, falls das Signal schwach ist.

18 DE

## Höhe und Position wählen

Hängen Sie die eufyCam in einer Höhe von 2–3 m über dem Boden auf. Dadurch wird der Erfassungsbereich des Bewegungssensors der eufyCam 2C maximiert. Bringen Sie die eufyCam 2C nicht an Orten mit direkter Sonneneinstrahlung an.

## Kamera montieren

Die Kamera kann sowohl im Innen- als auch im Außenbereich montiert werden.

1. Drehen Sie den Knopf der Montagehalterung im Uhrzeigersinn, um ihn zu lösen und zu demontieren.

DE 19

2. Bohren Sie Löcher mit einem 6-mm-Bohrer in die Wand und stecken Sie anschließend die Dübel in die Löcher. Dübel sind für Wände erforderlich, die aus einem harten Material wie Beton, Ziegel oder Stuck bestehen.

3. Schrauben Sie die Basis der Montagehalterung fest an die Wand. Befestigen Sie den Kugelknopf der Halterung an die Basis der Halterung.

4. Befestigen Sie die eufyCam 2C Kamera an der Montagehalterung und passen Sie den Blickwinkel an, indem Sie den Live-Stream über die Eufy Security-App prüfen.

**Tipps:**

Tipps zur Fehlerbehebung finden Sie in der Hilfe der eufy Security-App. Informationen zum Status der LED-Anzeige finden Sie auf der App-Seite.

## 3/ Adición de eufyCam 2C a su sistema existente

### Adición de eufyCam 2C a su sistema existente

En la aplicación eufy Security, siga las instrucciones que aparecen en la pantalla para agregar sus dispositivos de seguridad eufy. Elija Agregar dispositivo y, a continuación, seleccione eufyCam 2C para agregarlo a su sistema.

## 4/ MONTAJE DE LA CÁMARA

### Localización de un punto de montaje adecuado

Para localizar un punto de montaje para la cámara eufyCam 2C, debe probar la intensidad de la señal inalámbrica.

- 1 Abra la aplicación eufy Security, vaya a Configuración de la cámara > Guía de montaje.
- 2 Para probar la intensidad de la señal inalámbrica, diríjase al punto de montaje deseado con su teléfono y la cámara.
- 3 Si la intensidad de la señal inalámbrica es débil, acerque la cámara al sistema HomeBase 2 lo máximo posible.

## Selección de la altura y la ubicación

Coloque la eufyCam 2C de 2 a 3 m por encima del suelo. Esta altura maximiza el alcance de detección del sensor de movimiento de la eufyCam 2C. Evite colocar la eufyCam 2C bajo la luz solar directa.

## Montaje de la cámara

La cámara se puede instalar en interiores y en exteriores.

1. Gire la perilla del soporte de montaje hacia la derecha para aflojarlo y desmontarlo.

28 ES

2. Taladre orificios de 5,99 mm con una broca y, a continuación, introduzca los anclajes en los orificios. Es necesario utilizar los anclajes en paredes hechas de materiales duros como hormigón, ladrillo o yeso.

3. Atornille firmemente la base del soporte de montaje a la pared. Fije la perilla del soporte a la base del soporte.

ES 29

4. Fije la eufyCam 2C al soporte de montaje y ajuste el ángulo de visión con ayuda de la transmisión en directo disponible en la aplicación eufy Security.

**Consejos:**  
Para solucionar problemas, consulte la sección Ayuda de la aplicación eufy Security. Visite la página de la aplicación para consultar los estados del indicador led.

## 3 / Ajouter une caméra eufyCam 2C à votre système existant

### Ajouter une caméra eufyCam 2C à votre système existant

En la aplicación eufy Security, siga las instrucciones que aparecen en la pantalla para agregar sus dispositivos de seguridad eufy. Elija Agregar dispositivo y, a continuación, seleccione eufyCam 2C para agregarlo a su sistema.

# 4 / MONTAGE DE LA CAMÉRA

## Trouver un emplacement de montage adapté

Pour trouver l'endroit où installer l'eufyCam 2C, vous devez tester la force du signal sans fil.

- 1 Ouvrez l'application Eufy Security, accédez à Camera Settings (Paramètres de la caméra) > Mounting Guide (Guide de montage).
- 2 Pour tester la force du signal sans fil, apportez votre caméra et votre téléphone à l'endroit où vous souhaitez installer la caméra.
- 3 Approchez la caméra aussi près que possible du HomeBase 2 si la force du signal sans fil est faible.

36 FR

## Sélection de la hauteur et de l'emplacement

Positionnez l'eufyCam 2C entre 2 et 3 mètres au-dessus du sol. Cette hauteur optimise la portée de détection du détecteur de mouvement de l'eufyCam 2C. Évitez d'exposer l'eufyCam 2C en plein soleil.

## Montage de la caméra

La caméra peut être montée en intérieur comme en extérieur.

1. Tournez le bouton du support de montage dans le sens des aiguilles d'une montre pour le desserrer et le démonter.

2. Forez des trous de 5,99 mm avec une mèche, puis insérez les chevilles dans les trous. Les chevilles sont nécessaires pour les murs fabriqués dans des matériaux durs tels que le béton, la brique ou le stuc.

3. Vissez fermement la base du support de montage dans le mur. Fixez la poignée circulaire du support sur la base du support.

4. Resserrez la caméra eufyCam 2C sur le support de montage et ajustez l'angle de vue en contrôlant le flux d'alimentation en direct dans l'application Eufy Security.

**Conseils:**

Pour les opérations de dépannage, consultez la section **Help** (Aide) de l'application Eufy Security. Pour connaître l'état du voyant LED, reportez-vous à la page **App** .

## 3/ Aggiunta di eufyCam 2C al sistema in uso

### Download dell'app e configurazione del sistema

Nell'app eufy Security, seguire le istruzioni visualizzate sullo schermo per aggiungere i propri dispositivi eufy Security. Scegliere Aggiungi dispositivo, quindi selezionare eufyCam 2C per aggiungerlo al sistema.

## 4/ MONTAGGIO DELLA TELECAMERA

### Individuazione di un punto di montaggio adeguato

Per individuare un punto in cui montare eufyCam 2C, occorre testare l'intensità del segnale wireless.

- 1 Aprire l'app Eufy Security e andare su Impostazioni telecamera > Guida al montaggio.
- 2 Per testare l'intensità del segnale wireless, collocare la telecamera e il proprio telefono nel punto in cui si desidera montare la telecamera.
- 3 Se l'intensità del segnale wireless è debole, spostare la telecamera quanto più vicino possibile a HomeBase 2.

## Selezione di altezza e posizione

Posizionare eufyCam 2C a 2-3 m da terra. Tale altezza ottimizza la portata di rilevamento del sensore di movimento di eufyCam 2C. Non posizionare eufyCam 2C alla luce solare diretta.

## Montaggio della telecamera

La telecamera può essere montata sia all'interno che all'esterno.

1. Ruotare in senso orario la manopola della staffa di fissaggio in modo tale da allentarla e smontarla.

2. Praticare fori da 5,99 mm utilizzando una punta da trapano, quindi inserire i tasselli all'interno dei fori; i tasselli sono necessari nel caso in cui le pareti siano in materiali duri come calcestruzzo, mattoni o stucco.

3. Avvitare saldamente la base della staffa di fissaggio alla parete. Fissare la manopola a sfera della staffa alla relativa base.

4. Serrare la telecamera eufyCam 2C alla staffa di fissaggio e regolare l'angolo di visualizzazione controllando le immagini in live streaming nell'app Eufy Security.

**Suggerimenti:**  
Per la risoluzione dei problemi, consultare la Guida nell'app Eufy Security. Fare riferimento alla pagina dell'app per informazioni sullo stato della spia LED.

## 3 / De eufyCam 2C toevoegen aan uw huidige systeem

### De eufyCam 2C toevoegen aan uw huidige systeem

Volg in de Eufy Security-app de instructies op het scherm om uw Eufy Security-apparaten toe te voegen. Kies Apparaat toevoegen en selecteer vervolgens eufyCam 2C om de camera toe te voegen aan uw systeem.

# 4 / DE CAMERA MONTEREN

## Een goede montageplek vinden

Om een plek voor het monteren van de eufyCam 2C te vinden, moet u de draadloze signaalsterkte testen.

- 1 Open de Eufy Security-app en ga naar Camera-instellingen (Camera Settings) > Montagegids (Mounting Guide).
- 2 Om de draadloze signaalsterkte te testen, neemt u uw camera en telefoon mee naar de locatie waar u de camera wilt monteren.
- 3 Plaats de camera zo dicht mogelijk bij de HomeBase 2 als de draadloze signaalsterkte zwak is.

54 NL

## De hoogte en locatie bepalen

Hang de eufyCam 2C 2 tot 3 meter boven de grond. Op deze hoogte heeft de bewegingssensor van de eufyCam 2C het maximale detectiebereik. Plaats de eufyCam 2C niet in direct zonlicht.

## De camera monteren

De camera kan zowel binnen als buiten worden gemonteerd.

1. Draai de knop van de montagebeugel met de klok mee los om de knop los te maken en te demonteren.

NL 55

2. Boor gaten van 6 mm met een boortje en steek vervolgens de pluggen in de gaten; de pluggen zijn nodig voor harde muren van beton, baksteen, stucwerk, e.d.

3. Schroef de grondplaat van de montagebeugel stevig op de muur. Bevestig de kogelknop van de beugel aan de grondplaat van de beugel.

4. Bevestig de eufyCam 2C-camera aan de montagebeugel en pas eventueel de kijkhoek aan door de livestream te bekijken in de Eufy Security-app.

**Tips:**

Als u problemen ondervindt, raadpleeg dan Help in de Eufy Security-app. Raadpleeg de pagina in de app voor informatie over de status van de LED-indicator.

## 3 / Adicionar a eufyCam 2C ao seu sistema existente

### Adicionar a eufyCam 2C ao seu sistema existente

Na aplicação Eufy Security, siga as instruções no ecrã para adicionar os seus dispositivos Eufy Security. Seleccione Add Device e, em seguida, seleccione eufyCam 2C para a adicionar ao seu sistema.

## 4 / INSTALAR A CÂMARA

### Encontre um bom local para a instalação

Para encontrar um local para a instalação da eufyCam 2C, deverá testar a intensidade do sinal sem fios.

- 1 Abra a aplicação Eufy Security, acceda a Camera Settings (Definições da câmara) > Mounting Guide (Guia de instalação).
- 2 Para testar a intensidade do sinal sem fios, leve a câmara e o telefone para o local onde pretende instalar a câmara.
- 3 Se a intensidade do sinal sem fios for fraca, aproxime o máximo possível a câmara da HomeBase 2.

## Selecione a altura e o local

Pendure a eufyCam 2C a 2-3 metros do solo. Esta altura maximiza o alcance de deteção do sensor de movimento da eufyCam 2C. Evite colocar a eufyCam 2C sob a luz solar direta.

## Instale a câmara

A câmara pode ser instalada no interior e no exterior.

1. Rode o suporte de instalação no sentido dos ponteiros do relógio para o desapertar e desmontar.

64 PT

2. Utilize um berbequim para perfurar orifícios com 5,99 mm, em seguida, insira as âncoras nos orifícios. São necessárias âncoras para paredes feitas com materiais duros, tais como betão, tijolo ou estuque.

3. Aparafuse bem a base do suporte de instalação à parede. Prenda o manipulador redondo do suporte à base do suporte.

PT 65

4. Fixe a câmara eufyCam 2C ao suporte e ajuste o ângulo de visualização ao verificar a transmissão em direto na aplicação Eufy Security.

**Sugestões:**

Para a resolução de problemas, consulte a secção Help na aplicação Eufy Security. Consulte a página da aplicação para ver o estado do indicador LED.

1. العدسة
2. حساس الضوء
3. ميكروفون
4. حساس الحركة
5. ضوء موضعي
6. مؤشر LED للحالة
7. زر المزامنة

## 3 / إضافة eufyCam 2C إلى نظامك الحالي

### إضافة eufyCam 2C إلى نظامك الحالي

في تطبيق Eufy Security، اتبع التعليمات التي تظهر على الشاشة لإضافة أجهزة Eufy Security. اختر إضافة جهاز، ثم حدد eufyCam 2C لإضافتها إلى نظامك.

# 4 / تركيب الكاميرا

## العثور على موقع مناسب للتثبيت

للعثور على مكان لتركيب eufyCam 2C، تحتاج إلى اختبار قوة الإشارة اللاسلكية.

① افتح تطبيق Eufy Security app وانتقل إلى إعدادات الكاميرا < دليل التركيب.

② لاختبار قوة الإشارة اللاسلكية، اصطحب الكاميرا والهاتف إلى الموقع الذي تريد تركيب الكاميرا فيه.

③ انقل الكاميرا إلى أقرب موقع ممكن من HomeBase 2 إذا كانت قوة الإشارة اللاسلكية ضعيفة.

## حدد الارتفاع والموقع

عَلِّقْ eufyCam 2C على ارتفاع يتراوح ما بين 7 و10 أقدام (أي ما بين مترين وثلاثة) عن الأرض. يزيد هذا الارتفاع نطاق اكتشاف جهاز استشعار الحركة الخاص بـ eufyCam 2C إلى أقصى حد ممكن. تجنب وضع eufyCam 2C تحت أشعة الشمس مباشرة.

## تركيب الكاميرا

يمكن تركيب الكاميرا في الداخل والخارج على حد سواء.

1. أدر مفتاح كتيفة التركيب في اتجاه عقارب الساعة لجعلها سائبة وتفكيكها.

2. اتقّب بحجم 15/64 بوصة (5.99 مم) بواسطة مَنقَاب، ثم أدخل المثبتات في الفتحات؛ تُعدّ المثبتات ضرورية للجدران المصنوعة من مواد صلبة مثل الباطون أو القرميد أو الجص.

3. تبيّت بإحكام قاعدة جهاز كتيّفة التركيب على الحائط باستخدام البراغي. شدّ مفتاح الكتيّفة بإحكام على قاعدة الكتيّفة.

4. أحكم ربط كاميرا eufyCam 2C على كتيّفة التركيب واضبط زاوية عرض الكاميرا من خلال التحقق من موجز البث المباشر في تطبيق Eufy Security.

نصائح:

لاستكشاف الأخطاء وإصلاحها، يرجى التحقق من "المساعدة" على تطبيق Eufy Security. راجع صفحة التطبيق لمعلومات عن حالة مؤشر LED.
