Fringe Pendant

An iconic pendant lamp with sophisticated fringes, created in 1960 by the acclaimed Swedish lighting genius, Hans-Agne Jakobsson, and now finally available for all those design lovers who were unsuccessful at auctions. Fringe is a timeless design statement, constructed to create warm, cosy lighting by means of the fringes that conceal the light source beautifully. The Fringe pendant lamp evokes the interiors of the past, but in a simplified design with an eye for contrasts and exclusive materials.

Polished brass is combined with tactile fringes, which fall elegantly in several layers from the sophisticated brass border like a flowing skirt. It is a stunning, stylish detail that helped make the Fringe lamp a design icon.

Product name: Fringe Pendant
Designer: Hans-Agne Jakobsson
Design year: 1960
Furniture type: Pendant
Launched: 2018

KEY FACTS

- Classic, timeless design
- Viscose fringes
