PEARL PENDANT

A poetic balance of tradition and modern design, the Pearl Pendant - Chrome is a luminous tribute to the timeless beauty of Japanese lanterns.

Softly glowing from within, the opal glass orb is partially embraced by a delicately perforated metal screen, casting intricate patterns of light and shadow that shift with every turn. Finished in polished Chrome, the screen reflects its surroundings with mirror-like clarity, adding a crisp, luminous contrast to the soft glow of the opal glass. The reflective surface enhances the interplay of light and shadow, lending the pendant a refined, modern presence. With its fluid adaptability, the rotating screen allows you to shape the ambiance, creating a lighting experience that feels both intimate and sculptural.

Suspended within a sleek, sculptural frame, the pendant appears almost weightless—an elegant dialogue between material, reflection, and light. Meticulously crafted from plated metal and hand-brushed to perfection, the Chrome finish embodies modernist purity, balancing brilliance with quiet sophistication.

Ideal above dining tables, in entryways, or as a statement piece in contemporary interiors, the Pearl Pendant - Chrome delivers a clean, atmospheric glow while adding clarity, elegance, and sculptural refinement to the space.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 262005

Type: Pendant / Indoor
Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl

All metal parts incl. frame, lampshade, ceiling cup, screws ect. are made of 100% iron. All visible components has a plated chrome finish
Opal glass / White
Cable: Fabric covered cable / Black

Dimensions:
L30 / W30 / H54,5 CM
Mounting plate: H1,3 / W5,5 CM
Ceiling cup: H19,5 / W6 CM
Cable
Country of origin: CN
Product weight: 3,8 Kg

Packaging:
Dimensions: L64 / W54 / H43 CM
Total weight incl. product: 5,8 Kg
Number of parcels: 1
Material: Brown cardboard

Light source:
Socket: E27 - P45 - 4.3W 827 - 230V
Recommended Light Source:
Philips Classic LEDLuster

Dimmability: This feature is only possible when the fixture is connected to a dimmer switch and equipped with bulbs that are compatible with dimming.

Care instructions:
Use a soft dry cloth to clean the product.
Do not use household cleaners.

Certificates: EMC, LVD
Does not comply with US Standards.
