Designed by Anders Nørgaard

Introducing the DIVOLO barstool – where comfort meets timeless design

Designed by acclaimed Danish designer Anders Nørgaard, the new DIVOLO barstool embodies the perfect balance of comfort, functionality, and contemporary elegance.

Crafted with a generously proportioned, gently curved seat, the DIVOLO invites users to sit back in effortless comfort. A distinctive center opening not only adds a striking design detail but also serves a practical purpose, making the stool easy to lift and move. Despite its refined aesthetic, the stool remains remarkably lightweight, offering true portability without compromising strength.

Engineered with versatility in mind, the DIVOLO features footrests positioned at four different heights, ensuring an ergonomic seating experience for users of all statures. Available in two heights – 65 cm and 75 cm – and three sophisticated finishes, the barstool adapts seamlessly to both residential interiors and hospitality settings.

The DIVOLO is more than a barstool – it is a statement piece that unites Scandinavian design principles with everyday functionality.
