ABOUT MISS MARBLE

Miss Marble is our reinterpretation of the classic spotlight - transformed and redesigned into an exclusive and highly functional object.

Crafted from solid marble, it brings a refined aesthetic while delivering precise, focused illumination.

Its compact design makes it easy to place - a practical and timeless choice for modern interiors.

Like our other designs, it shares the same design language through its marble base. Miss Marble comes in different versions and with fittings in chrome, brass, browned brass and aluminum.
