Instruction for A3

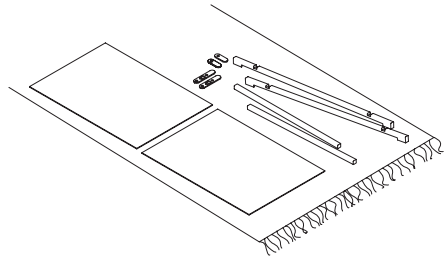

Content of the box

GEJST

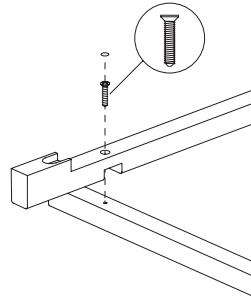

①

Start by opening the box and place all the parts on a blanket.

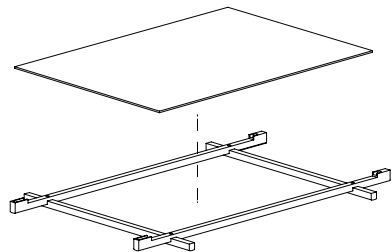

②

Connect the short and the long beams by the notches and screw them together. Place the small rubber dots on top of the screws.

③

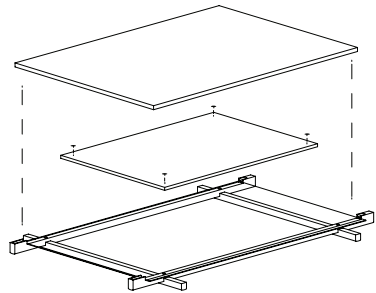

Place the glass on the frame.

GEJST

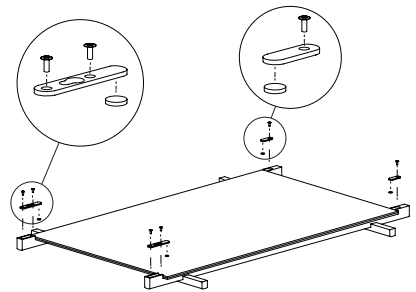

4

Place the poster on the glass.
Then place the large rubber dots
in the corners of the poster and
place the second glass on top.

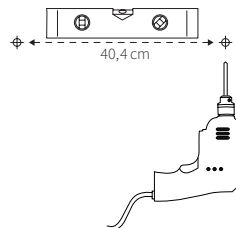

5

Place the small rubber
dots on the brackets facing
downwards on the glass.

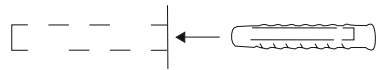

6

Mark the wall with a pencil
according to the drawing and
drill two 6 mm holes.

7

Insert the rawlplugs in the holes.

8

Fasten the screw 6 mm from the wall.

9

Place the frame on top of the screws and slide it downwards into place.
