Fatboy® product information Bolleke

The Fatboy® Bolleke is an atmosphere light with a built-in rechargeable battery. The light source is a single LED module emitting 2700K (warm white) light and the intensity can be adjusted in 3 steps. The lamp can be used outdoors and is rain and water spray proof. The lamp is protected from dripping water. The lamp comes equipped with a USB Type-C connection. Please make sure to use a 5V 1A adapter to charge the Bolleke. A fully charged lamp remains lit for more than 8 hours (at 100% brightness).

WARNING: READ ALL INSTRUCTIONS BEFORE USE! SAVE THESE INSTRUCTIONS!

- Make sure to use a 5V 1A USB adapter (using a different power adapter may cause irreparable damage to the luminaire).
- Use only the supplied USB cable to charge the lamp.
- This is not a toy, please keep away from children.

Battery

If the battery will not charge any more, please contact your Fatboy® dealer. Never try to replace the battery yourself.

The disposal of battery's should be in compliance with any local regulations that address the disposal of hazardous materials. Do not incinerate!

Instructions for use

- When using outdoor use portable luminaires, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and personal injury, including the following.
- Mounting hardware should be able to carry at least 2 kilograms.
- Ground Fault Circuit Interrupter protection (GFCI) is to be provided on the circuit(s) or outlet(s) used for the wet location portable luminaire. Receptacles are available having built-in GFCI protection and are able to be used for this measure of safety.
- Make sure to connect the USB connector in the right way to avoid damage.
- Do not expose the lamp to excessive heat from heat sources.

- Make sure the lamp is fixed well wherever you use it, so it won't fall. This could cause damage.
- The lamp can be used outdoors, and is protected against rain and water sprayers. Do not use the lamp under water (The lamp is not water proof).
- Make sure the USB-port is covered properly so that water and dust cannot intrude.
- Charging the lamp should always be done indoors.

- The lamp can be attached on a tube shape, for example on the stand of a parasol and make sure it's fixed well using the rubber loop.
- Remove the USB slot protective cover at the top of lamp and insert the USB Type-C plug into the slot.
Connect the USB Type-C cable with the adapter into the power outlet. Plug the recommended 5V 1A adapter into the wall socket.
- For first time use it is advised to charge the built-in battery for at least 8 hours.
- For normal charging, it will take approx. 3 hours to fully charge the lamp.
- The lamp can be operated by pressing the on/off button on top.
 - The lamp is turned off
 - Press one time; intensity lights up at 35%
 - Press second time; intensity at 67,5%
 - Press third time; intensity at 100%.
 - Press fourth time; the lamp is turned off
- The lamp can be operated when charging.
- When the lamp stops lighting, it needs to be recharged. Always charge the lamp indoors.
- Cover the usb port properly after charging.

Maintenance

When not in use for a long time, make sure the lamp is turned off. We recommend to recharge the lamp every three months to keep the battery in good condition. Do not leave the lamp for a long period outdoors.

Cleaning the lamp

Use a soft cloth, lukewarm water and liquid soft soap. Do not use cleaning agents containing alcohol, ammonia, benzene, or abrasive substances. Never open the lamp when cleaning.

Trouble shooting

The lamp has fallen and the innerpart has come loose:

- The innerpart is fixed with a screw thread. Turn it clockwise to fix it properly in case it has come loose.

The lamp is not working:

- Check the connection with the adapter and make sure the lamp is charging. The charger works when the lamp can be turned on during charging.
- When the lamp doesn't charge anymore, please contact your Fatboy® dealer. Never try to replace the battery yourself.
- Do not use the lamp if the USB cable is damaged.

The lamp has fallen and now is damaged:

If the lamp no longer works it is unsuitable for use.

If this is the case, please contact your Fatboy® dealer.

Never attempt to repair the lamp yourself.

IMPORTANT!

Please contact your Fatboy® dealer if you have any other problems.
