

SUNAO VASE MEDIO

Sunao, a Japanese word meaning honesty, embodies the quiet beauty of simplicity. Its design echoes the timeless elegance of a classic vase, distilled to its purest form. With variations in size and shape, Sunao finds its place effortlessly, from a delicate accent in the kitchen to the commanding presence of a dining table centrepiece.

The collection unfolds in two surface and material expressions. The first is ceramic with a smooth finish, offering a refined clarity that complements interiors defined by calm and balance. The second is the Beehive texture, a living dialogue with nature. Cast from shellfish found along the shoreline, its organic surface invites touch and celebrates the raw poetry of the natural world.

Each vase is hand-glazed to achieve a soft, matte finish that carries subtle, one-of-a-kind variations, hallmarks of true craftsmanship. Inside, a waterproof glaze ensures functionality, allowing fresh flowers to harmonise with its sculptural form.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 262073

Type: Vase - Indoor

Designer / Year of design:

Kristian Sofus Hansen & Tommy Hyldahl, 2024

Color: Rose

Material: Ceramic

Care instructions:

Use a soft dry cloth to clean the product.

Do not use household cleaners.

Waterproof

Dimensions: L30 / W30 / H30 CM

Country of origin: CN

Product weight: 3 Kgs

Packaging:

Dimensions: L35,5 / W35 / H37 CM

Total weight incl. product: 4 Kgs

Number of parcels: 1

Material: Brown cardboard
