

TRIP AND
TRIP No. 2

Portable illumination

TIME FOR A TRIP

Clean lines and refined design in beautiful materials. We have thought about every detail in our take on the portable, rechargeable LED lamp.

The sculptural design with polished marble and mouth-blown glass gives Trip a exclusive look.

Trip is available in two different shapes, each with its own expression, and in a variety of colors, making it easy to adapt to a wide range of interior styles.

Use Trip in the bookcase, on the window sill, the nightstand, or as a centerpiece on the dining table to create an intimate atmosphere. You can even take it outdoors – the possibilities are endless as there are no strings attached.

PRODUCT FACTS

Description

There is a touch dimmer on top, which can be set to 3 brightness levels. A full charge takes approx. 9 hours.

The lamp is as resilient as it is beautiful and can be used both indoors and outdoors with an IP44 rating. However, we do not recommend leaving the lamp outside in the rain or overnight.

The lamp is supplied with a wireless charger: TRIP with a black braided USB-A/C cable, TRIP 2 with a black braided USB-C/C cable.

Designer / Year Of Design

Design by Us / 2023

Material

Marble, brass, and glass

Construction

TRIP consists of a glass shade and a polished marble body with brass details on top. The marble base contains the battery, which can be charged via the included wireless charger. The charger functions as an extension of the lamp, ensuring it looks beautiful even when charging.

Maintenance

Use a dry cloth to dust of the lamp. For further cleaning, use a soft, non-abrasive cloth with warm water and wipe with a clean, soft, lintfree cloth. Do not use alcohol, acid, or other solvents to clean the lamp, and avoid using abrasive or rough sponges.

Classification

Class III

Ip rating

IP44

Dimmable Function

3 levels: LOW (10%) | MID (40%) | HIGH (100%)

Voltage

Recharge input: 5.0 V, 2 A

Burn Time (approx.)

100%: 14 hrs | 40%: 30 hrs | 10%: 4 days

Charging Time

0-100%: approx. 9 hrs

Battery

7500 mAh

Cord

Included: 1.5 m black fabric cord

Can be bought seperately

Art. No. 21261 – 1.5 m black fabric cord, USB-A/C

Art. No. 21263 – 1.5 m black fabric cord, USB-C/C

Light source - integrated

Power: 2 W

CCT: 2700 K

Output: 10 lm | 40 lm | 100 lm

LED lifetime: 25,000 hrs

CRI: >80
