Cone Floor Lamp

A classic floor lamp with a small, integrated solid oak or marble shelf table in an elegant 1950s design by the internationally renowned lighting designer, Svend Aage Holm-Sørensen. The shelf table on the Cone floor lamp is a charming period detail, which cries out for a cup of coffee. The lamp's shade can be rotated in all directions to achieve light exactly where you want it. The design is lent even more character by the architect's iconic light grooves along the edge of the metal shade, and the solid brass details of the Cone floor lamp add the final touch to the classic look.

Choose from several classic colours in Warm Nordic's exclusive silky matt quality paint, which guarantees an extraordinarily beautiful and durable surface.
