

EOS

Designed by Søren Ravn Christensen

SOFT ELEGANCE FROM NATURE

The Eos lampshade draws its force and beauty from the earth tones of the Nordic landscape. A natural colour palette that creates a warm and welcoming atmosphere – this is the quintessence of the Eos family! With a neutral and harmonious colour, the Eos lampshade will perfectly suit any minimalist interior design, adding a sophisticated and elegant touch. Either in a modern living room or in a classic bedroom, this lampshade will bring a trendy yet timeless look and a soothing vibe to your space.

“The Eos blends with the room and brings out the best in it. It fits perfectly in a light environment without many impressions, with, for example, only earth colours or dark wooden tones”, explains Søren Ravn Christensen, Founder and Chief Creative Developer.
