

LE KLINT

SWIRL Loft/Væg - Ceiling/Wall

Vejledning for

LE KLINT - 1320 S, M og L

Materiale: Lameller i plast

Ophæng i klar akryl og metal

Lyskilde: Sparepærer kan benyttes.

Instruction for

LE KLINT - 1320 S, M or L

Material: Lamellaes in plastic

Hang-up in clear acrylic and metal

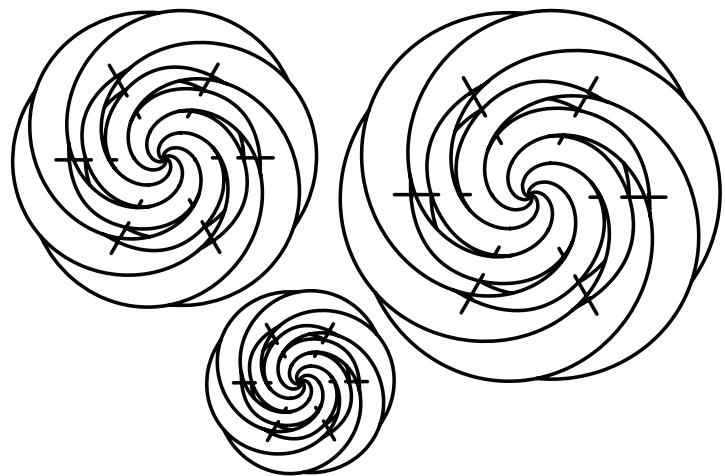

Light source: Low energy bulbs can be used.

INDHOLD

- Håndmonteret lameller i ren plast monteret på stativ i klar akryl.
El-montage på lakeret metalplade til ophæng på væg/loft.
- Sparepære til montering
- Instruktion omhandlende udpakning, montage og vedligeholdelse.

UDPAKNING OG MONTAGE

- Træk det øverste pap-indlæg op via håndtagene i hver side og stil det fra dig på en plan overflade. Lampen sidder fast i dette.
- Lampen fjernes forsigtigt fra indlægget. Det sidder fast i 4 slidser i pappet, tryk forsigtigt lidt ind på pappet mens lampen fjernes derfra.
- Træk nu det nederste pap-indlæg op af kassen.
- Det nederste indlæg indeholder monteringsplade til væg/loft samt lyskilder.
- Når der er forboret og monteret rawplugs kan metalpladen monteres på det ønskede sted.
- Lampen og monteringspladen har enten 3 eller 6 buer som passer sammen.
- Skub lampen ind over monteringspladen og drej den en 5-10 cm til den ene side. Nu er lampen låst på bagpladen.

CONTENTS

- Hand-mounted lamellaes in pure plastic, fitted on a frame in acrylic, elec. hang-up with white plastic cord.
- Low energy bulb
- Instructions for unpacking, fitting, and maintenance.

UNPACKING AND ASSEMBLY

- Pull the upper layer of cardboard up by the handles on each side, and place it on a flat surface. The lamp is attached to this.
- Carefully remove the lamp from the cardboard. The lamp is attached to 4 slits in the cardboard. Carefully push the cardboard down while removing the lamp.
- Pull the bottom layer of cardboard out of the box.
- This layer contains the mounting plate for the wall/ceiling as well as light bulbs.
- After drilling and inserting dowels, the metal plate is ready to be mounted on the desired area.
- The lamp and mounting plate has either 3 or 6 curves, which fit together.
- Slide the lamp onto the mounting plate and turn it 5-10 cm to one side. The lamp is now locked on the rear mounting plate.

BORTSKAFFELSE AF LYSKILDE

Denne lampe leveres inkl. lyskilde. Følg anbefalinger for miljørigtig håndtering og bortskaffelse.

VEDLIGEHOLD

Lampen holdes ren ved aftørring med blød klud eller støvbørste. alternativt en hårdt opvredet klud for at fjerne mærker/pletter.

LYS

Lampen leveres med en energisparepære, da dette giver mulighed for mest muligt lys, uden af skærmen bliver for varm.

NB: Ved for højt wattforbrug kan det give varmeproblemer i lampen og skærmen ødelægges.

DISPOSAL OF LIGHT SOURCE

Please adhere to the recommended state environment regulations when disposing of any electrical components.

MAINTENANCE

The lamp is kept clean by wiping with a soft cloth and dust brush, alternatively a slightly damp cloth to remove any marks / stains.

LIGHT

The lamp is supplied with a low energy light bulb, to ensure the right light, without exceeding the heat limit.

NOTE: Exceeding these wattages may result in excessive heat evolution in the lamp and subsequent damage.

LE KLINT's collection, which these lamps are a part of. Very well with the Scandinavian tradition. As such, it is in complete harmony with handsome light experience, while the design of the lamp is quite airy, tries in this desire that light, form and function should work together to provide a Øivind has worked intensely on improving and polishing the features.

These principles have inspired his new series of lamps – the Swirl. The lamps have actually been in progress ever since he completed his studies in 2008, but have actually been in progress ever since he completed his studies in 2008, but Øivind has worked intensely on improving and polishing the features.

In addition, the Fibonacci sequence, fractals, and other basic mathematical principles fascinate him.

Øivind finds great inspiration in nature, particularly in the snail.

He graduated as an industrial designer in 2008 from The Royal Danish Academy of Fine Arts.

Øivind Slaatto, industrial designer. Born in 1978 in Ulm, Germany.
