Product Fact Sheet - Lighting - Karl-Johan Pendant Lamp, Large

Karl-Johan Pendant Lamp, Small *Signe Hytte*

Inspired by autumn days spent hunting for mushrooms; it is only appropriate to extend the Karl-Johan series into the darkest parts of the home. A simple support in black stained or smoked oak allows the curved glass form to bounce a soft light around the room. The Karl-Johan Wall Lamp demands you to curl up with a book, spending those growing evenings beside a comforting illumination.

About the designer Signe Hytte

The Karl-Johan pendant lamp focuses on the soft yet distinct silhouette of its predecessor. The material combinations of the table and wall lamp have been removed, allowing the rounded glass form to shine brightest. A compact LED light source bounces light around the globe's interior, creating a volume free of visual interference. The latest Karl-Johan family member has all the required ingredients, and nothing more.
