Floating Elegance

The Shahin Series is a modern take on the classic white lamp. With elegant mouth-blown glass and polished brass details, it blends most popular elements of contemporary materials into one sophisticated design.

Each lamp features a central opal glass shade framed by two transparent outer shades, creating a light, airy look. The soft, diffuse glow fills any room with warmth and a cozy atmosphere. Whether on or off, Shahin lamps offer both functional light and elegance.

The Shahin Pendant is perfect over a dining table, in a bedroom, or an entrance hall, making a graceful statement. The Shahin Table Lamp is compact yet striking, ideal for windowsills, sideboards or desks. The Shahin Wall adds subtle, elegant illumination, complementing pendants and table lamps for a cohesive, stylish interior.
