THE RESOURCEFUL HIDE STORAGE COLLECTION EXPANDS WITH TWO NEW ADDITION

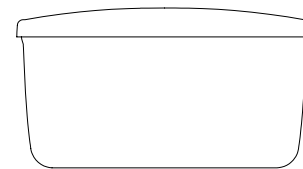

Unveiling two new members of the Hide collection: Hide Laundry Basket and Hide Office Bin. Expanding on the innovative material principles behind the original Hide Storage Pouf, these additions bring practical design and multifunctionality into everyday storage solutions. Crafted from PET felt, Hide is made using post-consumer plastic bottles that are extruded into fine polyester fibers and pressed into a durable, visually appealing felt.

As implied by their names, all members of the Hide collection are designed to cleverly store and conceal items that one wouldn't want to put on display. Hide Laundry Basket elevates the task of laundry organization with its thoughtful design. Its elongated shape and integrated handles ensure easy portability, while an optional cotton drawstring liner simplifies the process of transporting laundry. Hide Office Bin reimagines the waste bin with a sleek and functional design. Its removable lid allows for the discreet placement of a plastic liner, securely hidden when the lid is in place.

PRODUCT FACTS

Description

The Hide collection is a collection crafted from PET felt, a material that consists of post-consumer plastic bottles which are extruded into polyester fibers and then pressed into a soft and durable felt material. The collection comprises a laundry basket, a storage pouf and an office bin.

Hide Laundry Basket brings effortless organization and utility to handling the task of doing laundry. Its elongated form with integrated handles makes it easy to carry, while an optional drawstring liner adds convenience, allowing you to remove and transport laundry with ease.

Hide Storage Pouf is a storage and pouf in one. The seat of the pouf can be removed, revealing the hollow space inside which makes the design convenient for storage purposes. Hide Storage Pouf comes in two different sizes.

Hide Office Bin is an elegant and functional waste bin with a sleek and practical design. A removable lid allows you to easily secure a plastic liner inside, making it convenient to handle and discard trash.

Material

Recycled PET (polyethylene terephthalate)

Construction

The Hide collection is made of recycled polyethylene terephthalate (PET) felt, made from post-consumer plastic bottles, extruded into soft fibers and pressed into a felt material.

Maintenance

The PET Felt surface may be cleansed with water. To remove stains, gently dab the area with a dry cloth while the material is still damp. Avoid rubbing the surface as it may harm the material or produce excessive pilling. Allow the surface to air-dry naturally.

It is advisable to utilize professional cleaning products for cleansing the PET Felt surface. However, we recommend testing these cleaning agents on an inconspicuous area first.

Regular vacuuming of the PET Felt surface is recommended to eliminate dust particles.

To prevent damage to the material, it is advisable to keep the product away from heat sources such as heaters, fireplaces, and hair dryers.

This is not a toy. Please don't let children hide inside.
