

## SUSTAINABLE LAMP: IGUAZU

**Shade:** made of jute, biodegradable, handmade.

Jute is a natural, bark fiber obtained from the stem of the jute plant. The plants are rain-fed and have little need for fertilizers/pesticides in contrast to cotton. The long fibers are spun into coarse, strong threads and can also be woven into fabric form. Jute is a versatile material and fully biodegradable.

**Tip:** if shade does not hang straight adjust as follows;

- loosen socket-ring inside shade,
- move socket on top of shade in correct position,
- fix socket-ring inside shade again.

**Warning:** to avoid overheating always use LED light bulbs. Never use incandescent light bulbs.

**Pendant:** packed separately.

WE DONATE TO THE WAKAWAKA FOUNDATION.  
THIS FOUNDATION PROVIDES SOLAR LAMPS TO PEOPLE IN NEED OF LIGHT.  
READ MORE ABOUT THE GOOD WORK OF WAKAWAKA ON OUR SITE.  
AND FOR EACH LAMP WE SELL, A TREE IS PLANTED!

THANK YOU FOR BUYING THIS SUSTAINABLE LAMP
