OPAL WHITE

# FRANSEN ONE

*Designed by FRANSEN Creative Lab*

The FRANDSEN ONE is not just about convenience; it's a game-changer in illumination. With its three-stage dimmable LED light source, the brightness can be tailored to create the perfect ambiance for any space: whether it's a warm and cosy evening glow or intense, focused lighting for work.

Setting FRANDSEN ONE apart is its remarkable 12-hour operational capacity at maximum light output. From a single charge, it ensures uninterrupted illumination day and night, making it an ideal companion for all manner of situations at home - or outdoors.

## Main Materials

Acrylic

## Use

Suitable for indoor and outdoor.

Recommendation if used outdoor: When not in use, bring the FRANDSEN ONE light source indoors for a longer lifespan.

## Light Source

Magnetic Light Source 200 cm cord. Recharged by USB-C.

Step 1: 150lm, Step 2: 75 lm, Step 3: 30 lm. Dimmable. 30.000 hours life expectancy.

## Weight

0,18 kg

## Box Dimensions

10,2 x 11,2 x 6,2 cm

## About the Designer

At FRANSEN Creative Lab, the competencies are spanning wide. From drawing designs which fit a design brief and a specific interior, to engineered solutions that can be scaled up and down in quantities. When collaborating with FRANSEN Creative Lab, the development process of the lighting request is never overseen and the drawing is followed to the final product.

Whether you need lighting designs, have a concept and a specific design in mind, or want to use some of the standard products with new colours and tweaks, you are always welcome to contact FRANSEN Creative Lab with your project and ideas.
