BLOSSI FLOOR ϕ 29

Design: Sofie Refer, 2018. EU-model.

Blossi Floor in mouth-blown Clear glass and Nordic Gold finish.

Inspired by the golden light during the Nordic fall, Blossi Collection is designed to give an indirect and soft light.

A special recessed LED provides a soft light reflected in the metallic finish of the shade. Blossi Collection has beautifully rounded glass lampshades that complete the soft appearance.

The Blossi collection has a wide variety of uses and is suitable for both domestic and public spaces.

Blossi Floor ϕ 29 brings a warm and cosy light to both livingrooms and corner spaces.
