

ENDLESS PENDANT

Dimensional illumination

DESIGN BY US

ABOUT ENDLESS PENDANT

Introducing the Endless Pendant — a radiant evolution of infinite light and reflection.

Suspended gracefully, the Endless Pendant redefines spatial illumination with its ability to rotate freely, casting light and reflection in every direction. With mirrored surfaces on both sides, it creates an entrancing endless-mirror effect - a boundless play of depth, glow, and illusion that transforms any environment into a dynamic visual experience.

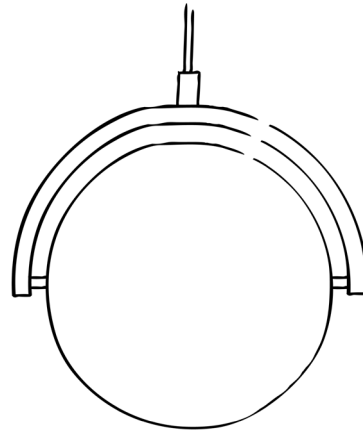

The dual mirrors amplify light from within, creating an ever-shifting sense of infinity as the pendant turns.

Each detail of the Endless Pendant is meticulously engineered - from its balanced suspension and smooth rotation to its flawless mirrored finish. The result is an object that transcends function, evoking serenity, wonder, and connection. Whether illuminating a space or standing in silence, it reflects not only light but the infinite possibilities of design.

Crafted with precision and intention, the Endless Pendant becomes both artwork and luminaire — a mesmerizing centerpiece that invites you to see light itself as a living form.

Collection Overview

ENDLESS Pendant lamp Chrome metal //
Mirrored glass Ø: 40 cm x D: 18 cm

PRODUCT FACTS

Description

The Endless Pendant lamp is an infinity mirror pendant made as an collection extension of the Endless Wall designer lamp. The mouthblown outer glass both acts as a distorted mirror when the lamp is off and transforms into a deep tunnel of light when the lamp is turned on.

Designer / Year of Design

Tobias Peter Kristensen / Design by Us / 2025

Material

Pendant lamps: Coated metal & Coated glass

Construction

All Endless wall lamps comes with a canopy and is ready for mounting.

Maintenance

Use a dry cloth to dust of the lamp. For further cleaning use a soft non-abrasive cloth with warm water - wipe with a clean soft lintfree cloth.

Voltage

240V

Frequency

50/60HZ

Cord

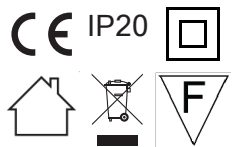

Prepared for hardwiring. 4M cord included (clear)

Socket

GX53 Max 15W LED

Light source recommended

Art No.: 50029 - Disc Bulb - GX53
Power: 7W LED bulb
CCT: 2700K
