Material Wall Lamp The New Edition

Nørgaard & Kechayas

With the Material Pendant being our most popular product since day one, we are more than excited to extend this strikingly minimalist range. The introduction of the Material Table Lamp and Material Wall Lamp allows you to bring the beauty of natural materials into every room of the house. Both products feature a pivoting head for added function, and a sleek black frame that places your chosen material front and centre. From the warmth of mixed cork and terracotta, to the textural concrete finish, the Material series is perfect for those intimate settings

About the designer Nørgaard & Kechayas

The no-nonsense design duo argues that great original design has nothing to do with price, but everything to do with the ability of its creator. That spirit of craft, combined with Nørgaard's reflective mind and Kechayas' "just do it" attitude, has made them a well-known name on the Danish design scene. Doing everything from elephant chairs to chameleon lamps in terracotta and kryptonite.
