

Japanese lanterns served as inspiration for the timelessly elegant design of MUREA. Unlike the paper lanterns, however, MUREA is made of high-quality hand-blown glass and is built to stand the test of time. When combined with Casablanca's versatile, patented luminaire pendant suspensions, MUREA serves as a versatile uber-decorative lighting solution. Available MUREA is available as a single or double pendant luminaire. Due to the E27 socket, the illuminants are self-selectable and interchangeable.
