Lightsome Wall Lamp

A wall light with an elegantly shaped wide shade by the grand master of 1950s Danish lighting design, Svend Aage Holm-Sørensen. It makes a sophisticated addition to a living room or a bedroom. The Lightsome wall light provides generous light by virtue of its large sculptural shade in painted metal with delicate light holes at the top – an extra Holm-Sørensen designer touch. Its gentle idiom and discreet brass details make Lightsome a timeless wall light of the highest quality.

Choose from several classic colours in Warm Nordic's exclusive silky matt quality paint, which guarantees an extraordinarily beautiful and durable surface.

Product name: Lightsome Wall Lamp
Designer: Svend Aage Holm-Sørensen
Design year: 1959
Furniture type: Wall Lamp
Launched: 2018

Voltage 220-240V

We recommend the use of LED bulb

Assembly required.

ENVIRONMENT

High quality materials for high durability.

The lamp does not exceed the limits described by the EU in REACH, which protects people and the environment against the risks posed by chemicals.

The lamp is shipped with sustainable Mærsk ECO fuel ships that use green fuels instead of fossil fuels, which ensures responsible transport.

When disposed of, the lamp can be separated into several different parts to make the sorting of waste easier.

Recycling of materials is possible.

The lamp is WEEE-registered, so it is possible to reuse and recycle the electrical parts of the lamp.
