

The ACAI series combines modern design, a homely atmosphere, and practical functionality. At its heart is the handcrafted shade made of matte white opal glass, which provides soft, all-round, glare-free illumination. ACAI is available in three different glass sizes: Ø 16 cm / Ø 21 cm / Ø 26 cm.

In this version as a linear multi-pendant, ACAI is ideal for evenly lighting dining tables, kitchen islands, or counters. Each pendant hangs from a 150 cm cable, which can be shortened if needed or delivered in longer lengths upon request.

The canopy and fittings are made of aluminum and are powder-coated in either matte black or matte white. The version with a white canopy comes with transparent cables and white glass holders, while the black version features a black fabric cable and matching black holders.

Each shade houses an E27 socket, allowing for easy replacement of the light source. (Note: The ACAI 16 model is best used with a golf-ball/drop-shaped bulb.)
