Duck Plate, Mini - Dark Green

Product Description

Reminiscent of a little three-legged character or friendly creature, the Duck Plate is a playful and exuberant addition to the Duck collection. Its sculptural form brings personality and charm to the interior while maintaining the clean, refined aesthetic that defines 101 Copenhagen.

Finished in Dark Green, a rich and grounded green inspired by dense forests and shaded gardens, the plate brings a sense of calm and balance to its surroundings. Evoking moss-covered stone, deep foliage after rain, and the stillness of nature at dusk, the colour enhances the playful silhouette while adding depth and natural warmth. Both strong and soothing, Dark Green creates a quiet presence that feels timeless and inviting.

Perfect for display on a dining table, windowsill, coffee table, or shelf, the Duck Plate, Mini brings a touch of character and artistry to any setting. Style it alone as a sculptural statement or combine it with other members of the Duck collection, where the varying shapes, sizes, and colours create the impression of a playful family gathered together.

As it is a hand-glazed natural product, colours may vary slightly.

Designer Description

Tommy Hyldahl and Nicolaj Nøddesbo intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Nicolaj, a Danish designer educated at the Aarhus School of Architecture, adds a sculptural precision to their shared vision. His work spans furniture, lighting, and objects, defined by innovation, tactility, and a serene minimalism. Each piece balances function and emotion, where form carries both presence and purpose.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Family Description Text

In ancient Japanese pottery and ritual craft, three-legged vessels known as komae tripods were shaped as symbols of balance and stability. The Duck Collection carries a whisper of this tradition, its forms standing on three cylindrical legs that feel both grounded and alive, like small companions poised to move. They gather not as objects but as characters, some leaning close together, others standing apart, yet all sharing the same quiet presence, as if exchanging stories in silence. Sculptural and playful, the collection brings a gentle exuberance into the home while holding on to a sense of calm. Hand-shaped in clay, softened by touch, and finished in natural hues, each piece is unique, bearing subtle variations that make it singular, like individuals within a family. The Duck Collection is a story of form and spirit, a meeting of balance, imagination and togetherness.

Color Description

Dark Green carries the quiet depth of dense forests and shaded gardens. A rich, grounded green, it holds the cool calm of leaves layered beneath tall trees and the soft darkness where sunlight only gently reaches.

It evokes moss-covered stone, deep foliage after rain, and the stillness of nature at dusk. Both strong and soothing, Dark Green brings a sense of balance and calm, like standing beneath a canopy of leaves where the world feels slower and quietly alive

Maintenance Guide Description

This material combines the natural resilience of ceramic with the refinement of a hand-painted, high-gloss glazed surface. Because it serves both as décor and functional furniture, careful maintenance is essential to preserve its strength and luminous finish.

For routine care, dust or wipe with a soft, dry cloth. When needed, clean with a damp cloth and mild, pH-neutral soap, then dry thoroughly to prevent water spots or streaks. The glossy glaze should be treated with care avoid abrasive pads, sponges, or powders that may scratch or dull the surface.

To maintain its integrity, wipe away spills promptly and avoid prolonged exposure to acidic or harsh substances, which may damage the glaze or painted finish. Use coasters or soft pads on tabletops to prevent scratches and protect the glazed surface. Do not expose ceramic furniture pieces to extreme heat or freezing conditions, as sudden temperature changes can cause cracking.

With mindful care, each piece will retain its glossy depth, hand-painted character, and timeless strength for years to come.

Materials Description

Ceramic is one of the oldest and most enduring materials, celebrated for its strength, versatility, and timeless beauty. Shaped from natural clay and fired at high temperatures, it achieves a density and durability that make it ideal for both functional and decorative use. Its smooth surface provides the perfect canvas for craftsmanship.

Our ceramic is elevated through hand painting, where layers of pigment are carefully applied by skilled artisans. This process creates subtle variations in tone, texture, and detail, ensuring that no two pieces are ever alike. The result is a material that combines resilience with individuality practical enough for everyday use, yet refined enough to stand as an object of art.

Hand-painted ceramic embodies the harmony of nature, craft, and time: a surface that carries both the permanence of fired clay and the soulful presence of the human hand.
