INSTALLATION INSTRUCTIONS | DECEMBER 2022

DISMOUNTING AND RECYCLING INSTRUCTIONS

Light source & driver

- 1 Remove the LED module(s) by turning a quarter counter clockwise.
- 2 Disconnect the plugs between the LED module(s) and the mounting base.
- 3 Push at the three points to loosen the front ring.
- 4 Take out the lens(es) and unscrew the light source(s) or holder(s) to remove the light source(s).
- 5 Remove the housing from the mounting base by pulling.
- 6 Remove the mounting base from the ceiling by loosening the screws and disconnect the power connection.
- 7 Remove the cover from the mounting base by loosening the screws and then remove the driver by loosening the screws and wires.

The driver can be replaced by the end user.

The light source is replaceable by an authorized professional.
