

DESIGN BY CLAIRE LAVABRE

HAY

POSTO TABLE LAMP

HIGHLIGHTS

- Compact table lamp with visual clarity
- Intuitive, stable, and reassuring in its materiality
- Simple construction with no visible fixings and the cable neatly integrated into the lamp's form
- Provides functional, comfortable light without drawing attention to itself
- Designed for use with a standard E14 LED bulb
- Suitable for both private and office environments

POSTO TABLE LAMP

DESIGN BY CLAIRE LAVABRE

Designed by Claire Lavabre, Posto Table Lamp reduces design to its essential elements, embodying function, structure, and form in a graphic yet understated expression. Made from just three raw aluminium parts, and assembled with two screws and a bulb fitting, every detail has a clear purpose. The construction is discreet, with no visible screws when placed on a table and a rear groove holding the cable integrated directly into the form. Combining technical precision with visual simplicity, it provides functional, well-balanced light without drawing attention to itself, offering a versatile solution for everyday use in both private and office environments.

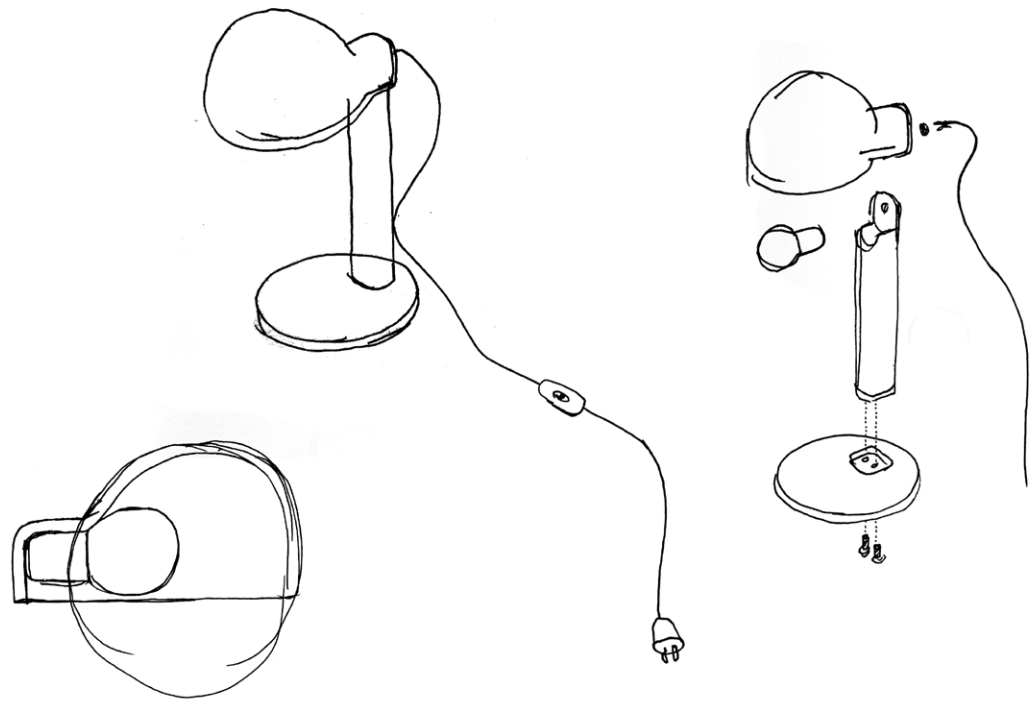

Claire Lavabre is a French designer and photographer based in Copenhagen. A graduate of ENSCI/Les Ateliers (2012), she now runs her own studio working across object design and photography. Her practice moves between art and design, exploring colour, texture, and form through a balance of aesthetics and functionality. For HAY, Claire Lavabre has designed the Posto Table Lamp.

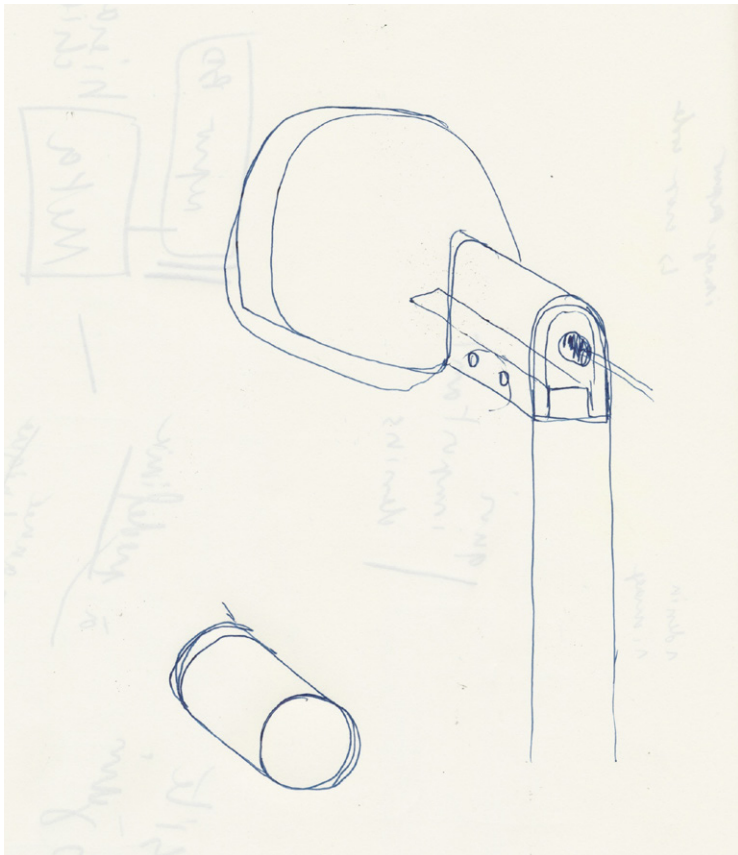

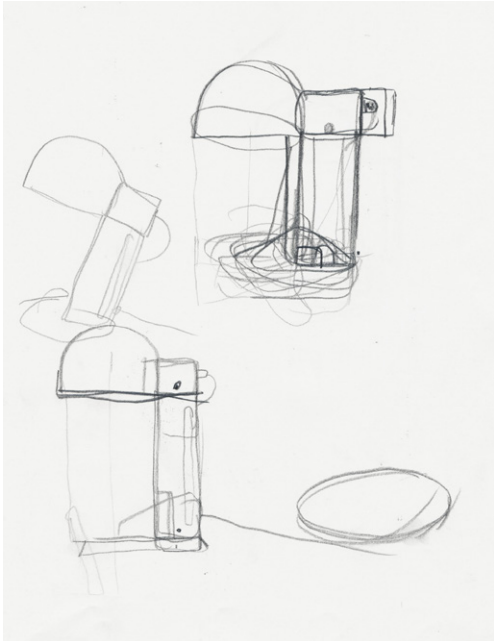

Claire Lavabre

Posto Table Lamp | Silver grey

Claire's sketches explore the simple construction of the Posto Table Lamp, focusing on the dome-shaped shade, cylindrical stem, and rear cable connection.

MATERIALS

SHADE
Die-cast aluminium

STEM
Extruded aluminium

BASE
Stamped aluminium

CORD
Black silicone cable

PRODUCT INFORMATION

DESIGN YEAR
2026

COUNTRY OF ORIGIN
China

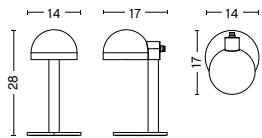

COLOUR & FINISH

Please note that the colours are indicative

Silver grey
Textured

DIMENSIONS

POSTE TABLE LAMP
Width 14 cm
Depth 17 cm
Height 28 cm
Weight 0,8 kg

TECHNICAL SPECIFICATION

RECOMMENDED LIGHT SOURCE
LED E14 (A15), 5-8W (max. 8W), 500-800lm, 2700-3000K warm white
Bulb not included

DIMMABLE
No

POWER SUPPLY
220-240V AC at 50/60Hz

IP
20

CORD LENGTH
240 cm

SWITCH
Inline switch

TEST SPECIFICATION OUTPUTS

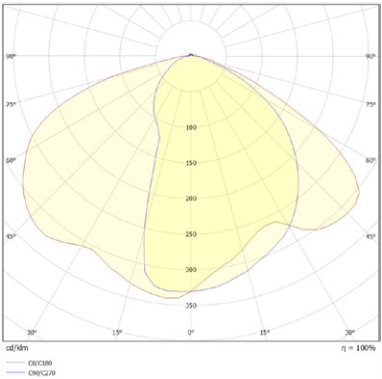

Photometrics and the test specification shown is taken using the recommended LED bulb fitted in the production luminaire

LUMEN (LM)
500-800lm

KELVIN (CCT)
2700-3000K warm white

CRI (1-100)
Depends on bulb (>80)

PHOTOMETRICS

CERTIFICATES

ETL APPROVED
This product has been assessed and complies with the essential requirements of the certificate.

CE APPROVED
This product has been assessed and complies with the essential requirements of the relevant European directives.

LED  IP20     

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including:

- EN 60598-2-4 (portable luminaires)
- EN 62493 (human exposure to EMC)
