

# OPAL SURFACE

Opal is a family of translucent globes using our own custom recipe of tinted white opalescent polycarbonate. Semi translucent, they maintain an ethereal ghostliness in the daylight and at night form a perfectly illuminated sphere. Coupled with our new custom-made dimmable Tom Dixon LED, the Opal range emits a soft, diffused and flattering light. The gentleness of the light bulb shape is achieved through a blow-moulded custom combination of opalescent plastic.

## OPAL SURFACE EU

Code  
OPS0101EU

---

<b>Year of Design</b>	2018
<b>Material</b>	Polycarbonate
<b>LED Spec</b>	6W LED included. LED and driver replaceable via Tom Dixon.
<b>Dimmability</b>	Compatible with most LED dimmers
<b>Rating/Location</b>	IP20
