

# GARBÍ

design David Dolcini

**LUCE  
PLAN**

- Type: Wall
- Light source: LED 34W 2700 or 3000K CRI 90 1.932 lm EEL: A  
dimmmable trailing edge  
220-240V~ 50/60Hz
- Product use: Indoor
- Materials: Die-cast and deep-drawn aluminium
- Colors: Textured white
- Description: Garbí is a wall lamp, a single solid volume made of soft, regular surfaces that meet to create precise edges. The indirect light from the LED source combined with that of the space enhance its solid image, gently shaped surfaces and angles, for a striking graphic effect.

Insulation class: 

Reference code: **D90NW / D90NC**  
 1D90NAW00002 Textured white 2700K  
 1D90NAC00002 Textured white 3000K

(\*)The LED module cannot be replaced

## Recommended TRIAC Dimmers at AC 220-240V~ 50/60Hz
