Ambience Table Lamp

A beautiful table lamp in a consummate 1950s design, created by the grand master of Danish lighting, Svend Aage Holm-Sørensen, who enjoys great international acclaim. With its striking shapes and wide, asymmetric shade, the Ambience table lamp provides a beautiful, soft light in any room in the house: decorative in a living room, indispensable on a desk with its soft radiance. The metal shade of the Ambience table lamp perches elegantly on the base and the stand, which is available either in solid brass or in the same colour as the lamp for a more minimalist, monochromatic style.

Choose from an abundance of subdued colours in Warm Nordic's exclusive silky matt quality paint, which guarantees an extraordinarily beautiful and durable surface.
