Grasp Table H72

Designed by Thomas Albertsen

Introducing FRANDSEN ONE – a revolution in portable lighting technology. The brilliance of FRANDSEN ONE lies in its simplicity: remove the light source from the host luminaire, and effortlessly attach a replacement light source while the unit is put on charge. The result: uninterrupted portable lighting without disruption.

With its three-stage dimmable LED light source, the brightness can be tailored to create the perfect ambience for any space: whether it's a warm and cosy evening glow or intense, focused lighting for work. Its remarkable 12-hour operational capacity at maximum light output from a single charge, ensures uninterrupted illumination day and night, making it an ideal companion for all manner of situations at home - or outdoors.

Main Materials

Metal, Brass, Brushed Stainless Steel

Use

Suitable for indoor and outdoor use

Light Source

FRANDSEN ONE included

Weight

3,08 kg

Box Dimensions

84 x 27,5 x 42,4 cm

About the Designer

Graduating from the prestigious Danish Design Academy in 2007, Thomas Albertsen's creative genius has spanned a wide spectrum, from crafting imaginative children's furniture to illuminating interiors with his distinctive lighting designs.

Albertsen's hallmark is his unwavering commitment to infusing simplicity with an unforgettable yet playful character. The result is a portfolio of designs that not only captivates but also redefines the pure essence of living - a combination which is sure to widen the popularity of this home grown talent in the years to come. In 2024, Albertsen's Grasp design won the Danish Design Favourit of the Year and Lamp of the Year.
