

A photograph of a modern interior scene. On the left, a woman in a white dress stands by a window, her hand resting on the windowsill. On the windowsill are two small, square, pinkish-orange glass containers. In the center-right, a large, spherical lampshade made of many layers of light pink, feather-like material sits on a black, conical base. The base is placed on a light-colored wooden stool with three legs. In the foreground, a textured, greyish-brown ceramic vase holds several dried, orange-brown flowers. The background features a white wall with a decorative panel and a window looking out onto a brick building.

WITH LOVE FROM COPENHAGEN

At UIMAGE, our designers take inspiration from the distinct nature of the Nordic landscape to create unique designs related to the way we live in an urban setting. Influenced by the design language, colours and materials found around us in Scandinavia, we create a collection that is rooted in our home but designed for everyone.

Versatile, flexible and multifunctional, our furniture and accessory collection is designed for packing the most into life in smaller spaces!

CARE AND MAINTENANCE

Please follow the below care and safety instructions to ensure many years of enjoyment with your new design item from UIMAGE.

- Keep the lamp clean using a hair dryer on the coolest setting, 25 cm (10") from the lamp and blow the loose dust from the feathers.
- Use a damp cloth for dust that is difficult to remove.
- Always keep the lamp away from fire.

PLEASE GIVE THE FEATHERS TIME TO READJUST
TO THEIR ORIGINAL SHAPE

It may take up to two weeks, but you can help them along by running your fingers carefully through the feathers.

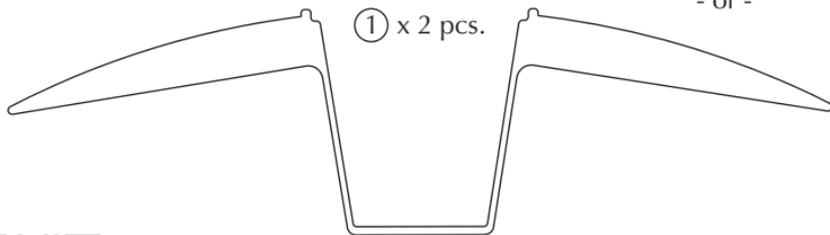

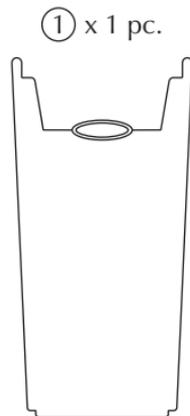

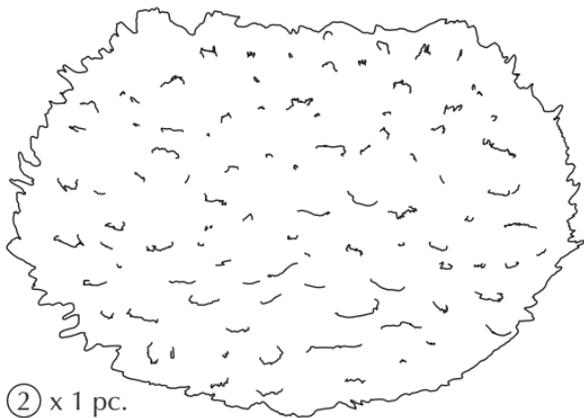

Keep these instructions at hand for future reference.

SUSTAINABLE SUSTAINABILITY EFFORTS

We are dedicated being sensible frontrunners on the environmental responsibility. If we provide timeless and functional quality designs that last, we know nature will prevail, as will UIMAGE.

PLANTING A TREE

We have entered a collaboration with the NGO One Tree Planted, so every time we are selling one of our wooden lamps or furniture pieces we are planting a tree.

REUSABLE PACKAGING

To minimize packaging waste, most of the packaging from our lighting collection is repurposed to be used as beautiful storage boxes afterwards.

INTERCHANGEABLE

Save the world resources by interchanging elements or fabrics from the UIMAGE collection to add new life to the design and your interior without buying new products.
